Friday Night In

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A cozy Friday night at home: pizza box sniff, a dog-safe chew of her own, the couch, a movie with the sound low and falling asleep on the owner's feet.

TIMELINE

0-5s	Pizza box sniff
5-10s	Her own chew
10-15s	Couch climb
15-20s	Movie watching
20-25s	Asleep on feet

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Pizza box sniff): Living room on a Friday evening, warm table lamp light, a closed cardboard pizza box on a low wooden coffee table. The dog walks up, stretches her neck and sniffs along the edge of the box, nose twitching, then glances at the camera without touching it. Sound: TV murmur, sniffing, owner says "nope, that is mine". 5-10s (Her own chew): Same living room, warm lamp light, beige carpet. The owner's hand offers a long plain bully stick. The dog takes it gently, carries it to a fleece blanket on the floor, lies down and holds it between her front paws, chewing on one end. Sound: soft chewing, TV in the background, owner says "there you go". 10-15s (Couch climb): Grey fabric couch with a knitted throw, evening, warm lamp light, curtains closed. Camera from the owner sitting on the couch. The dog puts her front paws on the cushion, pauses, then climbs fully up and turns around once before lying down against the owner's leg. Sound: cushions creaking, a big sigh, quiet TV voices. 15-20s (Movie watching): Same couch, evening, room lit by a table lamp and the faint changing light of a TV out of frame. The dog lies with her head on the owner's lap, eyes half open, ears flicking toward the TV sound. The owner's hand strokes slowly down her neck. Sound: muffled movie dialogue, slow breathing, owner whispers "best Friday". 20-25s (Asleep on feet): Floor by the couch, late evening, warm lamp light, beige carpet. Camera looks down at the owner's socked feet. The dog has moved to the floor and is asleep with her head resting across both feet, chest rising slowly, one paw twitching. Sound: soft snoring, TV very low, a clock ticking.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Pizza box sniff

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room on a Friday evening, warm table lamp light, a closed cardboard pizza box on a low wooden coffee table. The dog walks up, stretches her neck and sniffs along the edge of the box, nose twitching, then glances at the camera without touching it. Sound: TV murmur, sniffing, owner says "nope, that is mine".

Clip 2 | 5-10s | Her own chew

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
