Saturday Long Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The slow Saturday long walk: setting off on a trail, crossing a footbridge, sniffing tall grass, a water break from a bottle and a rest on a log.

TIMELINE

0-5s	Trailhead start
5-10s	Footbridge crossing
10-15s	Tall grass sniff
15-20s	Water break
20-25s	Log rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Trailhead start): Gravel parking area at a wooded trailhead on a Saturday morning, cool clear daylight, pine trees and a wooden fence post. The dog jumps down from the open back of an SUV on a long leash, shakes off, and noses the gravel, tail up. Sound: car door, gravel crunching, birds, owner says "long one today". 5-10s (Footbridge crossing): Small wooden footbridge over a shallow creek in the woods, bright morning daylight through the trees. Camera follows from behind. The dog trots across the planks, glancing down at the water through the gaps, then continues onto the dirt path. Sound: paws on wooden planks, creek trickling, birds. 10-15s (Tall grass sniff): Open meadow beside the trail, mid-morning sunlight, tall dry grass and wildflowers. The dog pushes her head into the grass, sniffing hard along the ground, tail swinging, then lifts her head with a grass seed stuck on her nose. Small white seeds stick to the black fur on her chest. Sound: grass rustling, loud sniffing, owner laughs, insects buzzing. 15-20s (Water break): Shaded part of the trail under oak trees, dappled late morning light, dirt path. The owner's hand holds a collapsible blue silicone bowl and pours water from a bottle. The dog laps it up quickly, water dripping from her chin. Sound: water pouring, loud lapping, panting, leaves rustling. 20-25s (Log rest): Fallen log beside the trail, bright midday light through the trees, ferns around. The owner sits on the log, camera pointing down. The dog lies in the cool dirt beside the owner's hiking boots, panting with her tongue out, eyes squinting happily at the woods. Sound: panting, birds, wind in the trees, owner says "good walk".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Trailhead start

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Gravel parking area at a wooded trailhead on a Saturday morning, cool clear daylight, pine trees and a wooden fence post. The dog jumps down from the open back of an SUV on a long leash, shakes off, and noses the gravel, tail up. Sound: car door, gravel crunching, birds, owner says "long one today".

Clip 2 | 5-10s | Footbridge crossing

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
