Sunday Reset Day

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Sunday reset at home: washing her bed cover, vacuuming the fur, a new clean blanket, a nail trim check and a lazy nap in the fresh bed.

TIMELINE

0-5s	Bed cover off
5-10s	Vacuum watch
10-15s	Fresh blanket
15-20s	Paw check
20-25s	Lazy nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Bed cover off): Laundry corner on a Sunday morning, bright window daylight, white washing machine with the door open. The owner's hands stuff a grey dog bed cover into the drum. The dog stands next to the machine, sniffing the open door curiously, tail wagging slowly. Sound: fabric rustling, machine door click, owner says "it smells like you". 5-10s (Vacuum watch): Living room on Sunday, flat daylight from big windows, wooden floor with tufts of black fur along the baseboard. The owner pushes an upright vacuum. The dog lies on the rug at a safe distance, head up, watching the vacuum with ears pinned slightly back. Sound: vacuum roar, owner says "this is all your fur". 10-15s (Fresh blanket): Corner of the living room, soft daylight, a clean grey dog bed without its cover. The owner's hands spread a fresh beige fleece blanket on top. The dog walks over immediately, sniffs it, and starts digging at it with her front paws to bunch it up. Sound: blanket swishing, paws scratching fabric, owner laughs "I just fixed it". 15-20s (Paw check): Living room rug, daylight from the window, a small towel on the floor. The dog lies on her side. The owner's hand gently lifts one front paw and spreads the toes to look at the nails and pads. She lets it happen, blinking calmly. Sound: quiet room, slow breathing, owner says "looking good". 20-25s (Lazy nap): Same corner, Sunday afternoon, soft diffuse daylight. The dog is curled into a tight ball on the bunched-up fleece blanket, nose tucked under her tail, eyes closed. Camera moves slowly closer and she opens one eye, then closes it again. Sound: soft breathing, washing machine humming in the next room.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bed cover off

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Laundry corner on a Sunday morning, bright window daylight, white washing machine with the door open. The owner's hands stuff a grey dog bed cover into the drum. The dog stands next to the machine, sniffing the open door curiously, tail wagging slowly. Sound: fabric rustling, machine door click, owner says "it smells like you".

Clip 2 | 5-10s | Vacuum watch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Sunday reset: clean house, clean bed, tired dog.
How often do you wash your dog's bed?

#GermanShepherdDaily #GermanShepherd #GSD #GermanShepherdDog #DogsOfFacebook #DogLife #DogMom #DogDad #Reels

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
