The After School Hour

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The hour when the kids come home: she waits at the window, greets them at the door, sniffs the backpacks, hangs out at homework time and plays in the yard.

TIMELINE

0-5s	Window lookout
5-10s	Door greeting
10-15s	Backpack sniff
15-20s	Homework buddy
20-25s	Yard play

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Window lookout): Front living room window in the afternoon, bright overcast daylight, a couch pushed under the window. The dog stands with her front paws on the couch back, staring out at the street, ears up, tail starting to wag fast. Her nose leaves small smudges on the glass. Sound: quiet house, distant school bus brakes, tail swishing on cushions. 5-10s (Door greeting): Front entryway, afternoon light from the open door, a doormat and shoe pile. A boy about ten walks in with a backpack. The dog wiggles her whole body, sniffs his hands and leans against his legs while he scratches her neck, an adult partly in frame behind. Sound: door opening, kid laughing "hi girl", happy whines. 10-15s (Backpack sniff): Hallway floor, afternoon light, a blue backpack dropped on its side. The dog pushes her nose into the open front pocket, sniffing hard, tail wagging, while a child's hand gently zips it closed. A pair of muddy sneakers lies kicked off beside the backpack on the floor. Sound: loud sniffing, zipper, kid says "no snacks in there". 15-20s (Homework buddy): Kitchen table in late afternoon, warm window light, a notebook and pencils on the table. The child sits writing. The dog lies on the floor under the table with her chin on the child's sneaker, eyes slowly closing. A glass of milk sits near the edge of the table. Sound: pencil scratching, quiet breathing, page turning. 20-25s (Yard play): Backyard in late afternoon, warm soft daylight, patchy grass, a swing set in the background. The child tosses a red rubber ball underhand. The dog chases it a few steps, picks it up and trots back in a happy loop. Sound: kid laughing, paws on grass, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Window lookout

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
