Her Two-Minute Brush

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The quick daily brush: she sees the brush, lies down on the patio, gets her back and chest brushed, shakes off the loose fur and gets a reward.

TIMELINE

0-5s	Sees the brush
5-10s	Lies down
10-15s	Back brushing
15-20s	Big shake
20-25s	Reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Sees the brush): Back patio in the morning, soft overcast daylight, concrete floor and a plastic storage bin. The owner's hand lifts a slicker brush from the bin. The dog walks over with her tail wagging low and sniffs the brush bristles. A garden hose is coiled against the wall behind her. Sound: bin lid clacking, sniffing, owner says "brush time". 5-10s (Lies down): Same patio, overcast morning light, an old towel spread on the concrete. The dog steps onto the towel and lies down on her side, legs stretched out, letting out a long relaxed sigh. Her ears go soft and her eyes close halfway as the owner kneels beside her. Sound: birds, a long sigh, owner chuckles. 10-15s (Back brushing): Patio, overcast daylight. The owner's hand pulls the brush in long strokes down the dog's black back and side. Loose fur gathers in the bristles. She lies still, eyes half closed, ears relaxed. A small pile of fluffy black undercoat collects on the towel beside her belly. Sound: brush bristles scratching, slow breathing, birds. 15-20s (Big shake): Patio, soft daylight, little tufts of black fur on the towel and concrete. The dog stands up and does a full-body shake from head to tail, loose hairs floating in the air around her. The owner's sneakers are visible at the edge of the frame on the grey concrete. Sound: ears flapping, collar jingling, owner says "there it goes". 20-25s (Reward): Same patio, overcast morning light. The owner's hand pulls a clump of black fur from the brush and drops it in a bag, then offers a small treat. The dog takes it and licks her lips, sitting close to the owner's knee. Sound: treat crunch, birds, owner says "two minutes, done".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
