Her Daily Vitamin Chew

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Her favorite part of breakfast: the vitamin chew. She hears the bottle, sits perfectly, takes it gently, chews it on her bed and checks for a second one.

TIMELINE

0-5s	Hears the bottle
5-10s	Perfect sit
10-15s	Gentle take
15-20s	Chewing on bed
20-25s	Checking for more

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Hears the bottle): Kitchen in the morning, soft window daylight, a white plastic supplement bottle on the counter with the label turned away. The owner's hand shakes the bottle. The dog comes trotting in from the hallway, ears up, tail wagging. She skids slightly on the smooth tiles as she arrives. Sound: bottle rattling, claws clicking fast on tile. 5-10s (Perfect sit): Same kitchen, morning light, beige tile floor. The dog sits instantly in front of the owner's legs, very straight, eyes locked on the hand holding a small brown soft chew, tail sweeping the floor behind her. A fruit bowl and a coffee mug sit on the counter behind. Sound: tail swishing on tile, owner says "wow, so polite". 10-15s (Gentle take): Kitchen, morning daylight. The owner's hand holds the chew low in an open palm. The dog leans forward and takes it carefully with her lips, barely touching the fingers, then turns away holding it. Her tail wags faster as she carries the chew away from the counter toward the living room. Sound: soft lip smack, owner says "gentle, good girl". 15-20s (Chewing on bed): Living room corner, morning light through a window, a grey dog bed. The dog walks to her bed, lies down and chews the soft treat with her head tilted, then licks her lips several times. A throw pillow lies on the floor beside her bed, and sunlight makes a pale stripe across the carpet. Sound: chewing, lip licking, quiet room. 20-25s (Checking for more): Back in the kitchen, morning daylight. The dog returns and sits by the counter, nose pointed up at the bottle, then looks at the camera with her head tilted, waiting. Her nose twitches toward the counter edge, and her tail sweeps the beige tiles slowly back and forth while she waits for an answer. Sound: sniffing, owner laughs "only one a day".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Hears the bottle

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Kitchen in the morning, soft window daylight, a white plastic supplement bottle on the counter with the label turned away. The owner's hand shakes the bottle. The dog comes trotting in from the hallway, ears up, tail wagging. She skids slightly on the smooth tiles as she arrives. Sound: bottle rattling, claws clicking fast on tile.

Clip 2 | 5-10s | Perfect sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
