# Her Daily Stretch After Waking

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

Her full stretch routine every time she wakes up: front stretch, back leg stretch, a big yawn, a full shake and a roll on the carpet.

## TIMELINE

| | |
|---|---|
| **0-5s** | Waking up |
| **5-10s** | Front stretch |
| **10-15s** | Back leg stretch |
| **15-20s** | Big yawn |
| **20-25s** | Carpet roll |

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Waking up): Bedroom in the morning, soft daylight through thin white curtains, a grey dog bed on a beige carpet. The dog lies in the bed and blinks her eyes open, lifts her head and looks around slowly. A pair of slippers sits next to her bed, and dust floats in the soft light. Sound: quiet room, birds outside, a soft grunt. 5-10s (Front stretch): Same bedroom, morning curtain light. The dog steps out of her bed and pushes her front legs far forward, chest low to the carpet and rear end up high, holding the bow stretch for a long moment. Her tail stays raised and swings slowly as she stretches. Sound: a creaky groan, collar tag jingling. 10-15s (Back leg stretch): Bedroom, soft morning daylight, carpet floor. The dog walks forward a step and stretches one back leg out straight behind her, then the other, toes spread, before standing normally. Her collar tag swings under her chin, and the white curtains move slightly in a breeze from the open window behind her. Sound: soft paws on carpet, owner laughs "yoga time". 15-20s (Big yawn): Bedroom, morning light, close view at the dog's head height. The dog sits and opens her mouth in a huge yawn, tongue curling up, eyes squeezed shut, then closes her mouth and smacks her lips. Soft daylight falls across the carpet behind her, and her ears relax back after the yawn. Sound: squeaky yawn, lip smack. 20-25s (Carpet roll): Bedroom carpet in the morning, soft daylight from the window. The dog flops onto her back and wiggles side to side, legs kicking in the air, rubbing her back on the carpet, then rolls over and stands up. Black fur sticks to the beige carpet where she rolled. Sound: carpet rubbing, happy grunts, owner says "good morning".

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | Waking up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Bedroom in the morning, soft daylight through thin white curtains, a grey dog bed on a beige carpet. The dog lies in the bed and blinks her eyes open, lifts her head and looks around slowly. A pair of slippers sits next to her bed, and dust floats in the soft light. Sound: quiet room, birds outside, a soft grunt.

### Clip 2 | 5-10s | Front stretch

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. ## HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
