Unloading the Dishwasher With Her Watching

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An ordinary weeknight kitchen chore with the dog supervising: the dishwasher opens, plates get stacked, her own bowl comes out clean, fresh water, and a sleepy finish on the kitchen mat.

TIMELINE

0-5s	Dishwasher opens
5-10s	Stacking the plates
10-15s	Her clean bowl
15-20s	Fresh water
20-25s	Mat nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Dishwasher opens): Small kitchen in the evening, warm ceiling light, grey vinyl floor with a few crumbs. The owner's hand pulls the dishwasher door down and a puff of steam rises. The dog walks in from the hallway, stops a step away from the open door, and stretches her neck to sniff the warm air with her ears forward. Sound: dishwasher door clunk, soft hiss of steam, collar tag jingling. 5-10s (Stacking the plates): Same small kitchen, warm ceiling light in the evening, grey vinyl floor. The owner's hands lift white plates from the bottom rack and stack them on the counter beside the sink. The dog lies down on a striped kitchen mat a few feet back, chin on her paws, eyes following each plate from the rack to the counter. Sound: plates clinking, the fridge humming, a quiet sigh from the dog. 10-15s (Her clean bowl): Kitchen in the evening under the ceiling light, grey vinyl floor, dishwasher still open. The owner's hand takes a shiny steel dog bowl out of the top rack and holds it up. The dog jumps to her feet, tail swinging, and sits right away at her feeding spot next to the fridge, staring at the bowl. Sound: metal bowl clink, claws tapping on vinyl, owner says "yes, this one is yours". 15-20s (Fresh water): Kitchen corner beside the fridge, evening, warm ceiling light, grey vinyl floor. The owner sets the clean steel bowl down on a small rubber mat and pours cold water into it from a plastic jug. The dog steps up and drinks loudly, water dripping from her black chin onto the floor around the mat. Sound: water pouring, loud lapping, drips on the floor. 20-25s (Mat nap): Kitchen in the evening, ceiling light on, dishwasher racks pushed back in and the door closed. The dog lies stretched on her side on the striped mat, legs out, eyes half closed, while the owner's socked feet step carefully around her to put the last glasses away in a cupboard above the counter. Sound: cupboard door closing, glasses clinking, a long sleepy groan from the dog.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Dishwasher opens

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Small kitchen in the evening, warm ceiling light, grey vinyl floor with a few crumbs. The owner's hand pulls the dishwasher door down and a puff of steam rises. The dog walks in from the hallway, stops a step away from the open door, and stretches her neck to sniff the warm air with her ears forward. Sound: dishwasher door clunk, soft hiss of steam, collar tag jingling.

Clip 2 | 5-10s | Stacking the plates

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
