Sorting the Recycling

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Evening recycling sort with a dog who thinks bottles are toys: sniffing the bin, stealing a crinkly bottle, trading it for a rope toy, carrying the bag out, and heading back inside at dusk.

TIMELINE

0-5s	Bin inspection
5-10s	Bottle grab
10-15s	Toy trade
15-20s	Out to the big bin
20-25s	Back inside

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Bin inspection): Kitchen, early evening, warm overhead lamp, a blue recycling bin beside the back door. The owner drops a flattened plain brown cardboard box into it. The dog walks over and pokes her whole nose into the top of the bin, sniffing the paper and cardboard inside. Sound: cardboard rustling, loud sniffing, owner says "nothing for you in there". 5-10s (Bottle grab): Same kitchen in warm evening lamp light, beige tile floor. The owner's hand drops an empty clear plastic water bottle on the floor by accident. The dog pounces on it, picks it up, and it crackles loudly in her mouth as she trots a few proud steps away with it. Sound: plastic crackling, claws on tile, owner says "hey, come back". 10-15s (Toy trade): Kitchen, evening, warm overhead lamp, beige tile floor. The owner holds out a knotted rope toy and the dog drops the crinkled bottle on the floor to grab the rope instead, tugging once. The owner's other hand picks up the bottle and tosses it into the blue bin. Sound: bottle bouncing on tile, a short tug growl, plastic landing in the bin. 15-20s (Out to the big bin): Side of the house at dusk, porch light on, two wheelie bins against a wooden fence. The owner lifts a full blue recycling bag and empties it into the big bin with a clatter of cans. The dog stands on the concrete path a few steps away, ears twitching at the noise. Sound: cans clattering, bin lid banging shut, crickets. 20-25s (Back inside): Back door step at dusk, blue-grey sky, porch light on, a worn doormat. The dog sits on the mat waiting, looks up at the owner, then trots into the warm lit kitchen ahead of the camera as soon as the door opens, tail swinging and the rope toy still in her mouth. Sound: door creaking open, crickets, tags jingling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Bin inspection

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Kitchen, early evening, warm overhead lamp, a blue recycling bin beside the back door. The owner drops a flattened plain brown cardboard box into it. The dog walks over and pokes her whole nose into the top of the bin, sniffing the paper and cardboard inside. Sound: cardboard rustling, loud sniffing, owner says "nothing for you in there".

Clip 2 | 5-10s | Bottle grab

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Every plastic bottle is apparently hers.
Does your dog love the crinkle sound too?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
