Assembling New Furniture

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Building a small bookshelf on a cloudy Saturday: she sniffs the long box, waits on her bed while the parts and screwdriver come out, claims the empty cardboard, and inspects the finished shelf.

TIMELINE

0-5s	The big box
5-10s	Parts everywhere
10-15s	Claims the cardboard
15-20s	Last screws
20-25s	Shelf inspection

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (The big box): Living room, Saturday afternoon, cloudy daylight from the window, a long flat plain brown cardboard box lying on the carpet. The dog walks along the whole length of the box sniffing it from end to end, tail held low and curious, then stops and pokes the corner with her nose. Sound: sniffing, cardboard tapping, owner says "it's a shelf, not a toy". 5-10s (Parts everywhere): Same living room, cloudy afternoon light, beige carpet. Wooden panels and small bags of screws are spread on the floor with a screwdriver. The dog lies on her bed by the sofa, well away from the parts and tools, chin on her paws, eyes moving between the owner's hands and the pile. Sound: panels clacking, plastic bags rustling, a quiet huff. 10-15s (Claims the cardboard): Living room in grey afternoon light. The empty cardboard box lies flattened on the carpet on the far side of the room from the tools. The dog steps onto it, scratches at it with a front paw, turns once and lies down on it like a bed, tail thumping on the cardboard. Sound: cardboard scratching, tail thumps, owner laughing. 15-20s (Last screws): Living room, cloudy afternoon window light. The owner's hands turn a screwdriver to fix the last panel of a small wooden bookshelf. In the background, out of focus, the dog stays on her flattened cardboard, head up, ears turning at each squeak of the screw. Sound: screw squeaking into wood, the dog yawning. 20-25s (Shelf inspection): Living room, late afternoon light, the new small bookshelf standing empty against the wall, tools packed away. The dog walks over and sniffs every shelf one by one, then sits next to it and looks up at the camera, her tail sweeping across the carpet. Sound: sniffing, tail swishing on carpet, owner says "approved?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | The big box

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room, Saturday afternoon, cloudy daylight from the window, a long flat plain brown cardboard box lying on the carpet. The dog walks along the whole length of the box sniffing it from end to end, tail held low and curious, then stops and pokes the corner with her nose. Sound: sniffing, cardboard tapping, owner says "it's a shelf, not a toy".

Clip 2 | 5-10s | Parts everywhere

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. The dog lies on her bed by the sofa, well away from the parts and tools, chin on her paws, eyes moving between the owner's hands and the pile. Sound: panels clacking, plastic bags rustling, a quiet huff.

Clip 3 | 10-15s | Claims the cardboard

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room in grey afternoon light. The empty cardboard box lies flattened on the carpet on the far side of the room from the tools. The dog steps onto it, scratches at it with a front paw, turns once and lies down on it like a bed, tail thumping on the cardboard. Sound: cardboard scratching, tail thumps, owner laughing.

Clip 4 | 15-20s | Last screws

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room, cloudy afternoon window light. The owner's hands turn a screwdriver to fix the last panel of a small wooden bookshelf. In the background, out of focus, the dog stays on her flattened cardboard, head up, ears turning at each squeak of the screw. Sound: screw squeaking into wood, the dog yawning.

Clip 5 | 20-25s | Shelf inspection

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
