Painting the Fence

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Repainting the back fence while the dog relaxes on a blanket in the shade far from the paint: checking the old fence, settling in, brush strokes, a water break, and a walk past the finished half on leash.

TIMELINE

0-5s	Old fence check
5-10s	Shade blanket
10-15s	Brush strokes
15-20s	Water break
20-25s	Leash walk past

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Old fence check): Backyard, sunny late morning, patchy grass, an old grey wooden fence with flaking paint. The dog trots along the fence line sniffing the bottom boards, before any paint is opened, while the owner carries a closed paint can and a tray across the grass toward the far end. Sound: birds, a lawnmower somewhere down the street, tags jingling. 5-10s (Shade blanket): Backyard in the sunny morning, an old blanket spread under a small tree far from the fence. The owner sets down a steel water bowl beside it and the dog lies down on the blanket, panting lightly, watching the paint can being opened at the opposite end of the yard. Sound: water bowl set down, light panting, owner says "you stay here". 10-15s (Brush strokes): Backyard fence in sunshine, a can of brown paint on a sheet of cardboard on the grass. The owner's hand brushes paint along a board in long even strokes. Far behind, out of focus, the dog lies under the tree on her blanket, head resting on her front paws. Sound: brush swishing on wood, bees buzzing, distant traffic. 15-20s (Water break): Backyard under the small tree, midday sun, dappled shade on the grass. The dog drinks from her steel water bowl beside the blanket, then looks up as the owner kneels down with clean washed hands and gives her a scratch behind the ears, the paint far behind them. Sound: lapping water, owner says "halfway done", birds. 20-25s (Leash walk past): Backyard, early afternoon sunlight, half the fence now a fresh brown and the paint can closed with its lid. The dog walks on a short leash beside the owner's legs across the middle of the lawn, staying well away from the wet boards, sniffing the air, tail up. Sound: leash clip jingling, footsteps on grass, owner says "looks good, right?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Old fence check

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Backyard, sunny late morning, patchy grass, an old grey wooden fence with flaking paint. The dog trots along the fence line sniffing the bottom boards, before any paint is opened, while the owner carries a closed paint can and a tray across the grass toward the far end. Sound: birds, a lawnmower somewhere down the street, tags jingling.

Clip 2 | 5-10s | Shade blanket

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
