Post Office Trip

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Mailing a package with her along: carrying the box out, a walk down the block, waiting in the dog-friendly lobby, a calm sit at the counter and a sniff of the mailbox outside.

TIMELINE

0-5s	Sniffing the box
5-10s	Walk down the block
10-15s	Waiting in line
15-20s	Calm at the counter
20-25s	Sniffing the mailbox

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Sniffing the box): Living room by the front door, mid-morning, natural window light, a plain brown cardboard box taped shut on the wooden floor. The dog walks up and sniffs every corner of the box carefully, nose pushing at the tape, tail slowly wagging while the owner's legs stand beside it. Sound: sniffing, cardboard scraping, owner says "it is not for you". 5-10s (Walk down the block): Neighborhood sidewalk, mid-morning, bright overcast daylight, small shops ahead with plain fronts and no readable signs. The owner carries the box under one arm and holds the leash short with the other hand. The dog walks close at the owner's left side, glancing up at the box. Sound: footsteps, traffic passing on the street, tags jingling. 10-15s (Waiting in line): Small post office lobby, daytime, flat fluorescent ceiling light, speckled grey floor tiles, a short line of two people ahead. The dog stands on a short leash beside the owner's legs, then sits on her own and leans lightly against the owner's knee, watching the people calmly. Sound: quiet murmur, shuffling feet, a stamp thudding at the counter. 15-20s (Calm at the counter): Same post office counter, fluorescent daylight, plain wooden counter top. The owner sets the box on the counter, and the dog sits quietly on the tile floor below on a short leash. A clerk leans over the counter, smiles and waves down at her, and her tail sweeps the floor. Sound: box thumping on the counter, clerk says "hi pretty girl", tail swishing. 20-25s (Sniffing the mailbox): Outside the post office, daytime, overcast light, a plain blue street mailbox on the sidewalk with nothing readable on it. The dog sniffs around the base of the mailbox thoroughly on a short leash, lifts her head, then turns and heads back toward home beside the owner's legs. Sound: sniffing, a bus passing in the distance, footsteps.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sniffing the box

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room by the front door, mid-morning, natural window light, a plain brown cardboard box taped shut on the wooden floor. The dog walks up and sniffs every corner of the box carefully, nose pushing at the tape, tail slowly wagging while the owner's legs stand beside it. Sound: sniffing, cardboard scraping, owner says "it is not for you".

Clip 2 | 5-10s | Walk down the block

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
