Pharmacy Pickup Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A short walk to pick up a prescription: crossing at the light, waiting outside with family, a water stop on the way back, carrying the little bag and resting on the porch.

TIMELINE

0-5s	Crossing the street
5-10s	Waiting outside
10-15s	Happy reunion
15-20s	Water stop
20-25s	Porch rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Crossing the street): Neighborhood crosswalk, early afternoon, mild overcast daylight, white painted stripes on grey asphalt, cars stopped back from the line. The dog sits at the curb on a short leash beside the owner's sneakers, then walks across beside the owner, keeping close, ears forward. Sound: crosswalk beeping, idling cars, footsteps. 5-10s (Waiting outside): Sidewalk in front of a small pharmacy, afternoon, overcast light, plain glass door and grey wall, no readable signs. The owner's partner holds the leash while the dog sits next to a planter, watching the door closely, head tilting each time it opens. Sound: automatic door sliding, traffic, partner says "she is coming back". 10-15s (Happy reunion): Same pharmacy sidewalk, afternoon daylight. The owner walks out holding a small white paper bag. The dog stands up and wiggles her whole back end, tail wagging hard, and pushes her nose into the owner's free hand while the partner keeps the leash short. Sound: excited whine, tags jingling, owner laughs "I was gone two minutes". 15-20s (Water stop): Small shaded square on the way home, afternoon, dappled light under a tree, a bench and paving stones. The owner pours water from a bottle into a collapsible blue silicone bowl on the ground, and the dog laps it up, water splashing onto the stones. Sound: water pouring, loud lapping, leaves rustling. 20-25s (Porch rest): Front porch of the house, late afternoon, soft overcast light, wooden boards and a doormat. The dog flops down on the boards with a sigh, the small white pharmacy bag set on the step beside her, and she sniffs it once before resting her chin on her paws. Sound: a big sigh, wind chime, distant lawn mower.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Crossing the street

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
