Walking to the Corner Store

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

An evening walk to the corner store for milk: sniffing fences on the way, waiting with a family member outside, carrying nothing but pride, and a stop at a quiet patch of grass.

TIMELINE

0-5s	Fence sniffing
5-10s	Curb sit
10-15s	Waiting with sister
15-20s	Milk inspection
20-25s	Grass stop

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Fence sniffing): Residential sidewalk, early evening, soft fading daylight, a white picket fence with overgrown grass at its base. The dog walks on a leash and stops to sniff slowly along the fence posts, tail low and relaxed, while the owner's sneakers wait patiently beside her. Sound: crickets starting, distant dog barking once, owner says "okay, let's go". 5-10s (Curb sit): Street corner, early evening light, a quiet two-lane road with one car passing. The dog sits at the curb on a short leash next to the owner's legs, watching the car go by, then stands and crosses the road beside the owner when the street is clear. Sound: car tires on asphalt, footsteps, tags jingling. 10-15s (Waiting with sister): Outside a small corner store, early evening, store light spilling onto the sidewalk, plain painted wall, no readable signs. The owner's teenage daughter holds the leash and crouches beside the dog, who sits and leans into her, watching the store door. Sound: store door bell, daughter says "she will be right out", traffic. 15-20s (Milk inspection): Same sidewalk outside the corner store, early evening light. The owner walks out with a plastic jug of milk in a thin bag and lowers it. The dog sniffs the bag curiously, then licks the cold condensation off the side of the jug once. Sound: plastic bag crinkling, daughter laughing, owner says "not yours". 20-25s (Grass stop): Small grassy patch between the sidewalk and the road, dusk, streetlights just turning on, ordinary orange-white light. The dog sniffs around in circles on the leash, then rolls briefly onto her back in the grass, legs kicking, before standing and shaking off. Sound: grass rustling, collar shaking, crickets.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Fence sniffing

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Residential sidewalk, early evening, soft fading daylight, a white picket fence with overgrown grass at its base. The dog walks on a leash and stops to sniff slowly along the fence posts, tail low and relaxed, while the owner's sneakers wait patiently beside her. Sound: crickets starting, distant dog barking once, owner says "okay, let's go".

Clip 2 | 5-10s | Curb sit

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
