Visiting the Community Garden

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Helping at the community garden plot: walking in on leash, sniffing the raised beds, lying in the path while the owner waters, a carrot snack and saying hi to a gardener.

TIMELINE

0-5s	Walking in
5-10s	Bed sniffing
10-15s	Path lounging
15-20s	Carrot snack
20-25s	Gardener says hi

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Walking in): Entrance path of a small community garden, morning, soft sunny daylight, wood chip path between raised wooden beds full of tomato plants and beans. The dog walks in on a short leash beside the owner, nose busy, sniffing the corner of the first bed. Sound: birds singing, a sprinkler ticking somewhere, footsteps on wood chips. 5-10s (Bed sniffing): Between two raised garden beds, morning sunlight, leafy squash plants spilling over the wooden sides. The dog sniffs along the edge of a bed without stepping in, then sneezes at a strong-smelling herb plant and shakes her head, ears flapping. Sound: sniffing, a sneeze, owner laughing "too much basil?". 10-15s (Path lounging): Wood chip path in the community garden, morning light, a green watering can in the owner's hand pouring water onto lettuce. The dog lies down on the path on a leash looped around the owner's wrist, chin on her paws, watching the water trickle. Sound: water splashing on leaves, bees buzzing, the dog sighing. 15-20s (Carrot snack): Same garden plot, bright morning daylight. The owner's hand rinses a small freshly pulled carrot with the watering can and snaps off a piece. The dog sits and takes the carrot piece gently, then crunches it loudly while lying back down on the wood chips. Sound: water rinsing, loud crunching, owner says "fresh from the garden". 20-25s (Gardener says hi): Community garden path, morning sun, a neighboring plot with sunflowers. An older woman in a sun hat and gardening gloves bends down slowly, and the dog walks over on the leash, sniffs her glove and wags while the woman pats her shoulder. Sound: woman says "there's my helper", tail wagging, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Walking in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Entrance path of a small community garden, morning, soft sunny daylight, wood chip path between raised wooden beds full of tomato plants and beans. The dog walks in on a short leash beside the owner, nose busy, sniffing the corner of the first bed. Sound: birds singing, a sprinkler ticking somewhere, footsteps on wood chips.

Clip 2 | 5-10s | Bed sniffing

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
