Saying Hi to the Other Dog Walkers

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The usual morning walk route and the regular dog friends: a polite sniff with a calm lab, waiting for a small dog to pass, a chat stop, a familiar neighbor and heading home.

TIMELINE

0-5s	Spotting a friend
5-10s	Polite sniff
10-15s	Letting one pass
15-20s	Chat stop
20-25s	Heading home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Spotting a friend): Neighborhood sidewalk, morning, cool overcast daylight, front lawns and parked cars. Down the block a woman walks a calm yellow labrador on a leash. The dog stops beside the owner, ears up, tail wagging slowly, watching them approach, leash held short. Sound: birds, footsteps slowing, owner says "there's your buddy". 5-10s (Polite sniff): Same sidewalk, morning overcast light. The two dogs, both on short leashes, touch noses briefly and sniff each other's shoulders calmly, tails wagging low and loose, standing on the wide grass strip, while both owners stand a step apart holding the leashes relaxed. Sound: sniffing, tags jingling, the other owner says "morning". 10-15s (Letting one pass): Wider stretch of sidewalk, morning light, a strip of grass beside it. The owner steps onto the grass with the dog and asks her to sit, giving space as a man walks a small white terrier past on the far side of the path. The dog watches calmly. Sound: owner says "sit, good", small dog's quick footsteps, cars passing. 15-20s (Chat stop): Neighborhood corner, morning, bright cloudy daylight. The owner stands talking with an older man who holds a leashed grey-muzzled beagle sitting a few feet away. The dog lies down on the sidewalk, bored, chin on her paws, glancing at the beagle now and then. Sound: two adults chatting, a sigh from the dog, distant leaf blower. 20-25s (Heading home): Residential sidewalk leading back toward the house, morning light, a blue front door visible ahead. Owner point of view looking down as the dog trots on a loose leash, tongue out, tail swinging, glancing up at the camera as if satisfied with the social hour. Sound: footsteps, panting, owner says "good walk, girl".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Spotting a friend

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
