Windy Day Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A blustery walk around the neighborhood: ears blowing back at the door, sniffing the wind, watching a rolling leaf, a lean into a gust and warming up back inside.

TIMELINE

0-5s	Door opening
5-10s	Sniffing the wind
10-15s	Watching a leaf
15-20s	Into the gust
20-25s	Warming up inside

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Door opening): Front doorway of the house, afternoon, bright grey daylight, wind gusting in through the open door and lifting a jacket hanging on a hook. The dog stands at the threshold on a leash, eyes squinting slightly as her fur ripples along her back. Sound: wind howling through the doorway, door rattling, owner says "whoa". 5-10s (Sniffing the wind): Open sidewalk beside a grassy field, afternoon, fast-moving grey clouds, tall grass bending in the wind. The dog stands still on the leash with her nose high, nostrils working quickly, ears pushed back by the gusts, her fur parting along her neck. Sound: strong wind, grass hissing, flapping jacket hood. 10-15s (Watching a leaf): Neighborhood street, afternoon, overcast windy light, dry brown leaves tumbling along the sidewalk. A big leaf scrapes past and the dog turns her head to follow it, takes two quick steps after it on the short leash, then stops and sniffs where it landed. Sound: leaves scraping on concrete, wind gusts, owner laughs. 15-20s (Into the gust): Open stretch of sidewalk by a park, afternoon, grey daylight, trees swaying hard in the background. The dog walks steadily into the wind beside the owner, head lowered, ears flattened, fur blowing sideways, the owner's sleeve flapping at the edge of the frame. Sound: roaring wind, rustling trees, footsteps. 20-25s (Warming up inside): Living room, late afternoon, dim grey window light and a lamp switched on, beige carpet. The dog shakes her whole body, fur flying in every direction, then flops onto a fleece blanket on the couch with a groan, her ears still a little messy. Sound: collar shaking, wind rattling the window, a deep groan.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Door opening

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
