MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Raincoat on): Mudroom by the back door, afternoon, grey drizzly light through the window, wet boots on a rubber mat. The owner's hands fasten a simple navy dog raincoat around the dog's chest while she stands patiently, then shakes once, making the coat rustle. Sound: velcro ripping, coat rustling, light rain on the roof. 5-10s (Drizzle walk): Neighborhood sidewalk, afternoon, soft grey light, fine drizzle falling, dark wet concrete and shiny parked cars. The dog walks on a leash in her navy raincoat, tiny water drops beading on the black fur of her head and ears, blinking them away. Sound: pattering drizzle, tires hissing on wet road, footsteps. 10-15s (Wet bush sniff): Front yard edge, afternoon, misty overcast light, a dripping green hedge and a wet lawn. The dog pushes her nose deep into the hedge, sniffing, and water drips off the leaves onto her head. She pulls back and shakes her head, ears flapping. Sound: water dripping, sniffing, head shake jingling her tag. 15-20s (Shelter break): Empty roadside bus shelter, afternoon, grey drizzly daylight, plain glass panels with no posters, rain dripping off the edge of the roof. The dog sits on the dry concrete under the roof beside the owner's wet sneakers, watching the rain fall onto the street. Sound: rain tapping the shelter roof, a car splashing by. 20-25s (Towel rub): Back in the mudroom, late afternoon, lamp light and grey window light, the raincoat off and hanging on a hook. The owner rubs the dog's head and back with a striped towel. She leans into the towel, eyes half closed, then wriggles free and shakes. Sound: towel rubbing, happy grunts, owner says "all dry".

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
