Gusty Autumn Afternoon

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A windy fall afternoon: leaves swirling in the yard, a sniff walk on a leafy path, pausing at a bench, a leaf stuck on her back and settling down by the heater.

TIMELINE

0-5s	Swirling leaves
5-10s	Leafy path
10-15s	Bench pause
15-20s	Leaf on her back
20-25s	Heater nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Swirling leaves): Fenced backyard, autumn afternoon, cool grey daylight, red and yellow leaves swirling across the lawn in a gust. The dog stands alert in the middle of the yard, head turning to watch the leaves spin past, then pounces on one with both front paws. Sound: wind gusting, leaves rattling, owner laughing. 5-10s (Leafy path): Neighborhood park path, autumn afternoon, cloudy light, thick layer of orange leaves on the ground and bare branches above. Owner point of view looking down as the dog walks on a leash, nose plowing through the leaves, crunching with every step. Sound: loud leaf crunching, wind in branches, footsteps. 10-15s (Bench pause): Park bench by the path, autumn afternoon, grey windy light, leaves blowing across the ground. The owner sits and zips a jacket higher, and the dog sits beside the bench on a short leash, squinting into the wind, her ears pressed back. Sound: wind gusts, jacket zipper, distant geese honking. 15-20s (Leaf on her back): Park path, late afternoon, fading grey light, swirling leaves. A big yellow maple leaf lands on the dog's back and sticks there. She keeps walking on the leash, unaware, while the owner's hand reaches in and picks it off her fur. Sound: owner laughs "you have a passenger", wind, leaves. 20-25s (Heater nap): Living room, early evening, warm table lamp light, dark window behind. The dog lies on a round dog bed close to a small space heater with a safety guard, stretching her legs out, eyes half closed, her coat still a bit wind-ruffled. Sound: heater ticking, wind outside, a deep sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Swirling leaves

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Fenced backyard, autumn afternoon, cool grey daylight, red and yellow leaves swirling across the lawn in a gust. The dog stands alert in the middle of the yard, head turning to watch the leaves spin past, then pounces on one with both front paws. Sound: wind gusting, leaves rattling, owner laughing.

Clip 2 | 5-10s | Leafy path

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
