Car Ride in the Rain

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Riding along in the rain: a dash to the car, buckling her in, watching the wipers, waiting in the parked car with family while the owner runs into a store, and a wet hop home.

TIMELINE

0-5s	Dash to the car
5-10s	Buckling in
10-15s	Watching wipers
15-20s	Parked with family
20-25s	Wet hop home

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Dash to the car): Driveway, afternoon, heavy grey rainy light, rain pouring down on a dark red minivan. The owner holds an umbrella over the dog as they hurry to the open rear door. The dog trots beside on a short leash and hops onto the back seat. Sound: rain drumming on the umbrella, quick footsteps, car door opening. 5-10s (Buckling in): Back seat of the minivan, afternoon, dim grey light through rain-streaked windows. The owner's wet hands clip the seatbelt tether onto the dog's black harness. She shakes her head, sending a few droplets onto the seat, then sits facing forward. Sound: rain on the roof, seatbelt click, owner says "wet dog smell, here we go". 10-15s (Watching wipers): Inside the moving minivan, afternoon, rainy grey daylight, filmed by a passenger in the front seat looking back. The dog sits in her harness seatbelt on the back seat, eyes following raindrops racing down the side window, head turning with each splash. Sound: wipers thumping, rain on the roof, tires on wet road. 15-20s (Parked with family): Parked minivan in a store parking lot, afternoon, cool rainy light, engine off. The owner's teenage son sits in the back seat beside the dog, stroking her neck as she stays buckled in, watching the store entrance through the rain-covered window. Sound: rain pattering on the roof, son says "she will be right back". 20-25s (Wet hop home): Garage at home, late afternoon, dim light from a single ceiling bulb, rain visible beyond the open garage door. The rear door opens, the owner unclips the tether, and the dog hops down onto the concrete floor and shakes off, water spraying. Sound: rain outside, collar shaking, owner says "home".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Dash to the car

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Driveway, afternoon, heavy grey rainy light, rain pouring down on a dark red minivan. The owner holds an umbrella over the dog as they hurry to the open rear door. The dog trots beside on a short leash and hops onto the back seat. Sound: rain drumming on the umbrella, quick footsteps, car door opening.

Clip 2 | 5-10s | Buckling in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
