What She Does When I Am on the Phone

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five things she does every time the owner takes a phone call: she sits and stares, brings a toy, sighs loudly, nudges the elbow and finally lies on the owner's feet.

TIMELINE

0-5s	Sits and stares
5-10s	Brings a toy
10-15s	Loud sigh
15-20s	Elbow nudge
20-25s	Lies on feet

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Sits and stares): Living room, morning daylight from a window, grey couch, worn brown carpet. The owner sits on the couch holding a phone to their ear, screen facing away. The dog sits directly in front of the couch and stares up at the owner without blinking, ears forward. Sound: owner talking quietly "yes, I can do Tuesday", clock ticking. 5-10s (Brings a toy): Kitchen, midday daylight, beige tile floor. The owner leans on the counter with a phone at their ear. The dog trots in carrying a squeaky yellow duck toy, drops it at the owner's feet, looks up and nudges it closer with her nose. Sound: squeak, owner whispers "not now" and keeps talking. 10-15s (Loud sigh): Home office corner, afternoon daylight, wooden floor, a desk chair. The owner is on a call, only legs visible. The dog lies on the floor nearby, rests her chin on her paws and lets out a long loud sigh, her cheeks puffing, eyes rolling up toward the owner. Sound: owner on call "mm-hm", a very loud dog sigh, owner stifles a laugh. 15-20s (Elbow nudge): Dining table by a window, afternoon daylight, wooden chairs. The owner sits with one elbow on the table and the phone at their ear, screen turned away. The dog walks up and pushes her nose under the owner's elbow, lifting the arm off the table. Sound: chair creak, owner says "sorry, the dog" into the phone. 20-25s (Lies on feet): Hallway, early evening, ordinary ceiling light, grey tile floor. The owner stands pacing slowly with the phone at their ear. The dog walks over and lies down right across both of the owner's socked feet, pinning them, and rests her head on the floor. Sound: owner says "I have to go, I'm stuck", laughs, soft thump.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sits and stares

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room, morning daylight from a window, grey couch, worn brown carpet. The owner sits on the couch holding a phone to their ear, screen facing away. The dog sits directly in front of the couch and stares up at the owner without blinking, ears forward. Sound: owner talking quietly "yes, I can do Tuesday", clock ticking.

Clip 2 | 5-10s | Brings a toy

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
