What She Does When I Put My Shoes On

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five reactions to the owner putting shoes on: racing in from another room, spinning in circles, fetching her leash, staring at the door and a heavy sigh when the shoes turn out to be slippers.

TIMELINE

0-5s	Races in
5-10s	Spinning circles
10-15s	Fetches leash
15-20s	Stares at door
20-25s	Slipper letdown

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Races in): Front hallway, morning daylight from a small window, grey tile floor, a shoe rack by the wall. The owner sits on a low bench pulling on a sneaker. Within a second the dog comes running around the corner from the kitchen, claws slipping, ears up. Sound: shoe laces pulled, fast claws on tile, owner laughs "how did you hear that?". 5-10s (Spinning circles): Same hallway, morning daylight. The owner ties the second sneaker, only hands and knees visible. The dog spins in tight circles right in front of the bench, tail wagging so hard her whole back end swings, letting out small excited whines. Sound: excited whining, tags jingling, owner says "okay, okay". 10-15s (Fetches leash): Hallway, late morning daylight, a wicker basket on the floor by the door holding a red leash and a few bags. The dog pushes her nose into the basket, pulls out the red leash in her mouth and carries it to the owner's feet, dropping it. Sound: basket rustling, leash clip clinking, owner says "good girl". 15-20s (Stares at door): Front door, afternoon daylight through a frosted glass panel, grey tile floor. The dog sits perfectly still facing the closed door, nose almost touching it, ears up, tail sweeping the floor slowly as the owner zips a jacket behind her. Sound: zipper, tail swishing on tile, owner says "almost ready". 20-25s (Slipper letdown): Living room in the evening, ordinary lamp light, worn brown carpet. The owner slides on fuzzy grey slippers. The dog lifts her head hopefully from her bed, looks at the slippers, then drops her head back down onto her paws with a heavy sigh. Sound: soft slipper sounds, a long dog sigh, owner says "sorry, just slippers".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Races in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
