What She Does When I Come Out of the Shower

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five things she does every time the bathroom door opens after a shower: waiting on guard, sniffing wet ankles, licking water drops, dragging the towel and lying on the warm bath mat.

TIMELINE

0-5s	Waiting outside
5-10s	Sniffs ankles
10-15s	Licks water drops
15-20s	Drags the towel
20-25s	Bath mat nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Waiting outside): Upstairs hallway, morning daylight from a skylight, light wooden floor, a closed white bathroom door. The dog lies right in front of the door with her nose at the gap under it. As the door opens, she jumps up, tail wagging, and pushes forward. Sound: door handle clicking, a little steam hiss, owner says "you waited?". 5-10s (Sniffs ankles): Bathroom doorway, morning daylight, white tile floor with a few water drops. Only the owner's bare wet ankles and the bottom of a grey robe are visible. The dog sniffs both ankles carefully, nose working, then sneezes at the soap smell. Sound: dripping water, sniffing, a small dog sneeze, owner laughs. 10-15s (Licks water drops): Bathroom, morning daylight from a frosted window, white tile floor. The owner stands on a blue bath mat, only lower legs visible. The dog licks the water drops off the owner's calf with quick little licks, her tail swinging steadily from side to side. Sound: quick licks, owner says "I'm already clean, thank you". 15-20s (Drags the towel): Hallway outside the bathroom, morning daylight, wooden floor. A fallen white towel lies on the floor. The dog grabs one corner in her mouth and drags it backward down the hallway, tail wagging, looking back to see if the owner will chase. Sound: towel sliding on wood, paws scrabbling, owner says "hey, bring that back". 20-25s (Bath mat nap): Bathroom, late morning daylight, white tile floor, the blue bath mat still damp and warm. The dog lies down on the bath mat, stretches out on her side and closes her eyes, taking up the whole mat as the owner's feet step around her. Sound: quiet bathroom, a faucet dripping, a big content sigh.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Waiting outside

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Upstairs hallway, morning daylight from a skylight, light wooden floor, a closed white bathroom door. The dog lies right in front of the door with her nose at the gap under it. As the door opens, she jumps up, tail wagging, and pushes forward. Sound: door handle clicking, a little steam hiss, owner says "you waited?".

Clip 2 | 5-10s | Sniffs ankles

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
