What She Does When I Sneeze

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Five reactions to the owner sneezing in different places around the house: a head tilt, rushing over to check, a sneeze back, a play bow and climbing up to lean on the owner.

TIMELINE

0-5s	Head tilt
5-10s	Rushes to check
10-15s	Sneezes back
15-20s	Play bow
20-25s	Climbs up to lean

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Head tilt): Living room, morning daylight, grey couch, worn brown carpet. The dog lies on the carpet chewing a toy. The owner sneezes off camera. The dog stops chewing, lifts her head and tilts it to one side, ears up, staring toward the camera. Sound: a loud human sneeze, toy dropping, silence, owner says "bless me". 5-10s (Rushes to check): Kitchen, midday daylight, beige tile floor. The owner stands at the sink and sneezes. The dog comes trotting in from the hallway, goes straight to the owner's legs and sniffs their hands and knees carefully as if checking them over from head to toe. Sound: sneeze, quick claws on tile, owner laughs "I'm fine". 10-15s (Sneezes back): Back porch, afternoon, overcast daylight, wooden boards and a potted plant. The owner sits on the step and sneezes. The dog, sitting beside them, looks over, wrinkles her nose and does a quick little sneeze of her own, shaking her head after. Sound: human sneeze, small dog sneeze, owner says "bless you too". 15-20s (Play bow): Backyard, late afternoon, overcast daylight, patchy grass, wooden fence. The owner sneezes loudly. The dog drops into a play bow on the grass, front legs down and tail up and wagging, then bounces sideways as if the sneeze was an invitation to play. Sound: sneeze, birds, playful bark, owner laughs. 20-25s (Climbs up to lean): Living room in the evening, ordinary lamp light, the owner on the grey couch under a blanket with a box of tissues. The owner sneezes. The dog climbs carefully up onto the couch and leans her whole body against the owner, resting her head on their lap. Sound: sneeze, couch creak, owner says softly "my little nurse".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Head tilt

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Living room, morning daylight, grey couch, worn brown carpet. The dog lies on the carpet chewing a toy. The owner sneezes off camera. The dog stops chewing, lifts her head and tilts it to one side, ears up, staring toward the camera. Sound: a loud human sneeze, toy dropping, silence, owner says "bless me".

Clip 2 | 5-10s | Rushes to check

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
