Same Walk, Four Seasons

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The same short walk along the same gravel path by a wooden fence and a big oak tree, filmed in spring, summer, autumn, winter and back to spring again.

TIMELINE

0-5s	Spring walk
5-10s	Summer walk
10-15s	Autumn walk
15-20s	Winter walk
20-25s	Back to spring

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (Spring walk): A gravel path along a weathered wooden fence beside a big oak tree and a green park bench, spring morning, soft overcast daylight, fresh light green leaves and small white blossoms on a bush. The dog trots along the path on a brown leash, sniffing the new grass at the edge. Sound: birds singing, gravel crunching, owner says "spring". 5-10s (Summer walk): The same gravel path, wooden fence, big oak tree and green bench, early summer morning, bright clear sunlight, the oak full and dark green, tall grass by the fence. The dog walks slower with her tongue out, stopping in the shade of the oak to pant. Sound: cicadas buzzing, panting, owner says "summer". 10-15s (Autumn walk): The same gravel path by the wooden fence, the big oak and green bench, autumn afternoon, cool grey daylight, orange and brown leaves covering the gravel. The dog shuffles through the piles of leaves, snout down, kicking leaves up with each step. Sound: crunching leaves, wind, owner says "autumn". 15-20s (Winter walk): The same path, fence, bare oak tree and green bench, now covered in snow, winter morning, flat white overcast light. The dog bounds through the fresh snow on the path, leaving deep paw prints, then sticks her snowy nose into a drift. Sound: snow squeaking underfoot, quiet, owner says "winter". 20-25s (Back to spring): The same gravel path, wooden fence, big oak and green bench, spring again, mild morning daylight, the first light green leaves returning and a few puddles on the gravel. The dog trots up to the bench, sits beside it and looks back at the camera, tail sweeping the gravel. Sound: birds, gravel, owner says "and spring again".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Spring walk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
