Her Senior Daily Routine

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The calm daily routine of a senior dog: a slow wake-up stretch, a soft breakfast, a short gentle walk, a quiet brushing and an early bedtime under a blanket.

TIMELINE

0-5s	Slow wake-up
5-10s	Soft breakfast
10-15s	Short gentle walk
15-20s	Quiet brushing
20-25s	Early bedtime

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 11-year-old female solid black German Shepherd with a grey-white muzzle, grey hairs around the eyes and on the chest, a little thinner coat, moving slowly, wearing a green nylon collar with a small brass tag. 0-5s (Slow wake-up): Bedroom, morning, soft grey light through thin curtains, a thick grey orthopedic dog bed on a beige carpet. The old dog slowly lifts her head, then pushes up on her front legs and stretches them forward carefully, her grey muzzle catching the window light. Sound: quiet room, a soft groan, owner says gently "morning, old girl". 5-10s (Soft breakfast): Kitchen, morning daylight, beige tile floor, a steel bowl set on a low raised stand. The owner's hand sets down kibble softened with warm water. The old dog walks over slowly and eats with small, careful bites, her tail swaying gently. Sound: soft chewing, bowl tapping the stand, fridge humming. 10-15s (Short gentle walk): Quiet residential sidewalk, late morning, mild overcast daylight, grass strips and small trees. The old dog walks slowly on a loose brown leash, stopping often to sniff a patch of clover, the owner's legs waiting patiently beside her each time. Sound: birds, distant traffic, owner says "take your time". 15-20s (Quiet brushing): Back porch, afternoon, soft daylight, an old blue blanket spread on the wooden boards. The old dog lies on the blanket while the owner's hand gently brushes along her back with a soft bristle brush. Her eyes close slowly as she relaxes. Sound: soft brushing, wind chimes, a content sigh. 20-25s (Early bedtime): Living room, early evening, ordinary warm lamp light, the orthopedic bed by the couch. The old dog lies curled in her bed. The owner's hands lay a light fleece blanket over her body. She lifts her head briefly, licks the owner's hand and settles back down. Sound: quiet TV, blanket rustling, owner whispers "goodnight, sweetheart".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Slow wake-up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 11-year-old female solid black German Shepherd with a grey-white muzzle, grey hairs around the eyes and on the chest, a little thinner coat, moving slowly, wearing a green nylon collar with a small brass tag. Bedroom, morning, soft grey light through thin curtains, a thick grey orthopedic dog bed on a beige carpet. The old dog slowly lifts her head, then pushes up on her front legs and stretches them forward carefully, her grey muzzle catching the window light. Sound: quiet room, a soft groan, owner says gently "morning, old girl".

Clip 2 | 5-10s | Soft breakfast

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
