A Normal Day in Our House

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A regular weekday in a busy family house: the school morning rush, working from home with her under the desk, the kids getting home, dinner time and a family evening on the couch.

TIMELINE

0-5s	School morning rush
5-10s	Under the desk
10-15s	Kids come home
15-20s	Dinner time
20-25s	Family couch time

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. 0-5s (School morning rush): Front hallway, early morning, grey daylight from the door window, backpacks and small sneakers by the wall. Two kids zip up jackets with a parent helping, only legs and arms visible. The dog sits calmly in the middle, tail sweeping the floor, watching everyone. Sound: kids chatting, zippers, parent says "shoes on, let's go". 5-10s (Under the desk): Home office corner, late morning daylight, wooden floor, a desk with a laptop turned away from the camera. The owner's legs are under the desk. The dog lies curled at their feet, chin on the owner's slipper, eyes closed, ears twitching at the typing. Sound: keyboard typing, a muted call voice, soft dog breathing. 10-15s (Kids come home): Front hallway, mid-afternoon daylight from the opening door, grey tile floor. Two kids walk in with backpacks. The dog greets them with her whole body wiggling, tail going, sniffing their backpacks while a parent's hand closes the door behind them. Sound: door opening, kids laughing "hi girl!", tags jingling. 15-20s (Dinner time): Dining area, early evening, ordinary ceiling light, a wooden table with plates and kids' legs under it. The dog lies on the floor beside the table, head on her paws, eyes moving from plate to plate, but staying politely in her spot. Sound: forks on plates, family chatting, parent says "she's being so good". 20-25s (Family couch time): Living room at night, ordinary lamp light, a large grey couch with the family's legs and blankets, the TV turned away from the camera. The dog lies on the rug in front of the couch, one kid's socked foot resting on her side, as she dozes. Sound: quiet TV voices, a kid giggling, a soft dog snore.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | School morning rush

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. Front hallway, early morning, grey daylight from the door window, backpacks and small sneakers by the wall. Two kids zip up jackets with a parent helping, only legs and arms visible. The dog sits calmly in the middle, tail sweeping the floor, watching everyone. Sound: kids chatting, zippers, parent says "shoes on, let's go".

Clip 2 | 5-10s | Under the desk

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult female solid black German Shepherd with a fully black short coat that looks slightly dusty brown-black on the legs in daylight, amber-brown eyes, upright ears, athletic build, wearing a green nylon collar with a small brass tag, natural coat with a little shedding. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
