German Shepherd Reels: 2 Clips = 20 Seconds

Tool 10 second-er video banale: prottek prompt 2 ta 10s clip-e bhag kora, jore ekta 20s video | 9:16 | 30 prompts (Set 1, 2, 3)

Kivabe 2 ta clip jore 20 second-er video banabe

1. Tool-er setting-e **Duration = 10 seconds** ar **Aspect ratio = 9:16** dao. Duita clip-i 10 second hobe, tai jorle thik **20 second**.
2. **Clip 1**-er prompt puro copy kore video banao, tarpor download koro.
3. **Clip 2** banano (sobcheye joruri step, eta thik hole duita clip mile jay):
   Option A (best): tool-e Clip 1-er niche jodi **"Extend" / "Continue"** button thake, seta chapo ar Clip 2-er prompt dao. Tool nijei Clip 1-er shesh frame theke shuru korbe.
   Option B: Extend na thakle Clip 1-er **ekdom shesh frame**-er screenshot nao (CapCut-e clip-er sheshe niye giye frame export, ba video pause kore screenshot). Tarpor tool-er **Image-to-Video** mode-e shei chobi upload kore Clip 2-er prompt dao.
4. **CapCut**-e Clip 1, tarpor Clip 2 pashapashi boshao. Majhe **kono transition dio na**. Joda-r jaygay ekta frame duibar thakle (Option B-te hoy) Clip 2-er shurur 1 ta frame kete dao.
5. Export koro. Total length **20 second** kina dekhe nao.

Joda jate bujha na jay

- Clip 1 ar Clip 2-te kukur ar jayga-r **description hubohu ek** rakha ache, sheta bodlio na. Bodlale duita clip-e kukur alada dekhabe.
- Clip 1-er shesh 1 second-e kono command nei, kukur **sthir** thake ar camera nore na. Tai joda-r jaygay jhakuni lagbe na.
- Joda-r jaygay kotha kete na jay sejonno kono command **10 second-er thik upore rakha hoyni**. Clip 2-er prothom command 0.5 second-e ba tar pore.
- Duita clip-er sound alada hole CapCut-e duitar music bondho kore **ekta music puro 20 second-e** dao. Tahole joda bujha jabe na.
- Chaile duita 10 second-er clip ei chat-e upload koro. Ami jore tomake ekta 20 second-er video baniye dibo.

Negative Prompt (duita clip-ei dao)

dog moves before the command, dog does an action that was not commanded, voice and movement out of sync, visible trainer face or lip-sync, overlapping speech, jump cut, different dog in the second clip, camera angle change at the start, extra legs, deformed paws, blurry face, cartoon, wrong breed, morphing, text, watermark, slow motion, video shorter or longer than 10 seconds

Set 1

Prompt 1: Down - Sit - Beg (original style) (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag sits on the grass beside the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy lies in a down beside the black bag, still, eyes on the trainer.
1.0s - Trainer says **"Sit!"** + palm swings up -> the puppy pushes up into a neat sit.
3.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy drops back into a down, front paws forward.
6.0s - Cut to close-up of the puppy's face beside the bag, one paw forward, calm and silent (no command).

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag sits on the grass beside the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Sit!"** + palm swings up -> back to the wide shot, the puppy sits up again.
2.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy drops into a down.
4.5s - Trainer says **"Up!"** + hand lifts high -> the puppy rises on its hind legs into a beg pose, front paws tucked to chest.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the beg pose, tail wagging, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 2: Place on the Red Box (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A low red training box stands on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits on the turf facing the red box, still.
1.0s - Trainer says **"Place!"** + finger points at the box -> the puppy hops up onto the red box.
4.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits on top of the box.
8.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down on the box.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A low red training box stands on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
2.0s - Trainer says **"Off!"** + hand sweeps to the side -> the puppy jumps down onto the turf.
5.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits facing the camera.
7.5s - Trainer says **"Good!"** -> the puppy holds the sit, ears perked, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 3: Leave It - Take It (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy lies in a down; the trainer's hand places a small treat on the turf between its front paws.
1.5s - Trainer says **"Leave it!"** + finger raised -> the puppy freezes, looks away from the treat and up at the trainer.
2.5s - Close-up: the treat between the paws, the puppy holds still and drools a little, no movement toward the treat.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Wide shot: still waiting, ears twitching, eyes on the trainer.
4.0s - Trainer says **"Take it!"** + hand opens -> the puppy instantly snaps up the treat and chews.
7.0s - Trainer says **"Good boy!"** -> the puppy licks its lips and sits up happily until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 4: Touch - Back - Paw (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy stands facing the trainer, who crouches with an open palm low.
1.0s - Trainer says **"Touch!"** + open palm held out -> the puppy steps forward and bumps its nose into the palm.
4.5s - Trainer says **"Back!"** + hand pushes forward -> the puppy walks three steps backwards.
8.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Paw!"** + hand held out low -> the puppy places its right paw in the trainer's hand.
4.5s - Trainer says **"Other!"** + other hand held out -> the puppy gives its left paw.
7.5s - Trainer says **"Good boy!"** -> the puppy sits with a head tilt until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 5: Speak - Quiet (bark sync) (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the trainer, mouth closed, very focused.
1.5s - Trainer says **"Speak!"** + hand opens and closes -> the puppy gives one bark; its mouth opens exactly on the bark sound.
4.5s - Trainer says **"Speak!"** + hand opens and closes -> the puppy barks twice; each bark matches a mouth opening.
8.0s - Trainer says **"Quiet!"** + finger to the trainer's chest -> the puppy closes its mouth and goes silent.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Close-up of the silent puppy tilting its head left, then right, mouth closed.
4.5s - Trainer says **"Speak!"** + hand opens and closes -> one proud bark, mouth opening on the sound.
7.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down calmly, silent, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 6: Carry the Black Bag (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag with a soft handle lies on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits beside the black bag, still.
1.0s - Trainer says **"Take!"** + finger points at the bag -> the puppy grabs the bag handle in its mouth.
4.0s - Trainer says **"Bring!"** + trainer pats his leg -> the puppy walks proudly toward the trainer, dragging and carrying the bag.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag with a soft handle lies on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits in front of the trainer, still holding the handle.
2.5s - Trainer says **"Drop!"** + open palm under the bag -> the puppy releases the handle and the bag drops.
5.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down beside the bag.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the down, tail wagging, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 7: Stay & Come (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits beside the trainer's boots.
1.0s - Trainer says **"Stay!"** + open palm toward the puppy -> the puppy holds completely still.
2.0s - The trainer walks backwards five meters; the puppy stays frozen, only its ears move (no command).
9.0s - Close-up of the puppy's eager face, still in the sit.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
2.0s - Trainer says **"Come!"** + trainer pats his leg -> the puppy bursts forward and sprints across the turf, ears flapping.
5.5s - Trainer says **"Sit!"** + palm swings up -> the puppy stops in front of the trainer and sits.
8.0s - Trainer says **"Good boy!"** + hand pats its head -> the puppy holds the sit, looking up, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 8: Spin - Bow - Bang (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy stands facing the trainer, tail wagging.
1.0s - Trainer says **"Spin!"** + finger circles -> the puppy turns one full circle.
4.5s - Trainer says **"Bow!"** + hand sweeps down -> the puppy lowers its front into a bow, rear up.
8.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Bang!"** + finger-gun gesture -> the puppy flops onto its side and plays dead.
5.0s - Trainer says **"Up!"** + hand lifts -> the puppy jumps up and shakes its fluffy coat.
7.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits proudly until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 9: Adult Heel Work (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult male German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The dog sits at the handler's left leg, eyes up on the handler.
1.0s - Trainer says **"Heel!"** + left hand taps the thigh -> the handler steps off and the dog walks in tight heel.
6.0s - Low tracking shot of the dog's face beside the knee, confident gait, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult male German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Sit!"** + handler stops, palm up -> the dog sits instantly at the handler's leg.
2.0s - Trainer says **"Down!"** + flat palm pushes down -> the dog drops into a down.
5.0s - Trainer says **"Stand!"** + palm sweeps forward -> the dog stands up in place.
7.5s - Trainer says **"Good!"** -> the dog holds the stand, looking up at the handler, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 10: Twin Puppies in Sync (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of two identical fluffy long-haired German Shepherd puppies (about 4 months old, black-and-tan coats, matching black tactical harnesses) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The two puppies sit side by side. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - Both puppies sit side by side facing the trainer, still.
1.0s - Trainer says **"Down!"** + flat palm pushes down -> both puppies drop into a down at the same moment.
4.5s - Trainer says **"Sit!"** + palm swings up -> both sit up together.
8.0s - Close-up of the two fluffy faces side by side, silent, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of two identical fluffy long-haired German Shepherd puppies (about 4 months old, black-and-tan coats, matching black tactical harnesses) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The two puppies sit side by side. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Down!"** + flat palm pushes down -> wide shot, both drop down together.
4.0s - Trainer says **"Up!"** + hand lifts high -> both rise on their hind legs into a beg pose together.
7.5s - Trainer says **"Good!"** -> both hold the beg pose until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Set 2

Prompt 11: Sit - Up - Wave (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag sits on the grass beside the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy stands beside the black bag, still, eyes on the trainer.
1.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits.
4.5s - Trainer says **"Up!"** + hand lifts high -> the puppy rises on its hind legs into a beg pose.
8.0s - Trainer says **"Wave!"** + trainer waves his hand -> still balancing, the puppy waves one front paw up and down twice.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A small black duffel bag sits on the grass beside the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.5s - Trainer says **"Sit!"** + palm swings up -> the puppy drops back down into a sit.
4.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down beside the bag.
7.5s - Trainer says **"Good boy!"** -> the puppy holds the down, tail wagging, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 12: Army Crawl (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits two meters in front of the crouching trainer.
1.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down.
4.0s - Trainer says **"Crawl!"** + hand slides slowly along the turf -> the puppy creeps forward on its belly, elbows working, fluffy fur brushing the turf.
6.0s - Low close-up of the puppy crawling toward the camera, eyes on the trainer's hand, no new command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Stop!"** + open palm toward the puppy -> the puppy freezes flat on the turf.
4.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits up.
7.0s - Trainer says **"Good boy!"** + hand pats its head -> the puppy holds the sit until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 13: Jump Through the Hoop (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a small white plastic hoop low, just above the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the hoop, still.
1.0s - Trainer says **"Hup!"** + hoop shakes once -> the puppy runs and jumps cleanly through the hoop.
4.5s - Trainer says **"Sit!"** + palm swings up -> the puppy lands, turns and sits.
8.0s - Trainer says **"Hup!"** + hoop shakes once -> the puppy jumps back through the hoop the other way.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a small white plastic hoop low, just above the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down.
4.0s - Close-up of the puppy's happy panting face, still in the down, no command.
7.0s - Trainer says **"Good boy!"** -> the puppy stays down, tail wagging, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 14: Middle - Walk Together (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits one meter in front of the trainer, who stands with feet apart.
1.0s - Trainer says **"Middle!"** + hand points between his legs -> the puppy walks around and sits between the trainer's legs, facing forward.
5.0s - Trainer says **"Walk!"** + trainer steps forward -> the puppy walks between his legs, matching each step.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Low front shot of the puppy peeking out between the black boots, still walking, no command.
3.0s - Trainer says **"Sit!"** + trainer stops -> the puppy sits between his feet.
6.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down between his boots.
8.5s - Trainer says **"Good!"** -> the puppy holds the down until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 15: Shy - Cover the Eyes (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy lies in a down facing the camera, still.
1.0s - Trainer says **"Shy!"** + hand covers the trainer's own face -> the puppy lifts one front paw and covers its eyes.
4.5s - Close-up of the puppy hiding its face under its fluffy paw, peeking out, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Look!"** + finger snaps -> the puppy lowers the paw and looks up at the trainer.
2.0s - Trainer says **"Shy!"** + hand covers face -> the puppy covers its eyes again.
5.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits up.
7.5s - Trainer says **"Good boy!"** -> the puppy holds the sit with a head tilt until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 16: Ring the Bell (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A silver desk bell sits on the turf in front of the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits behind the bell, still.
1.0s - Trainer says **"Bell!"** + finger points at the bell -> the puppy taps the bell with its paw; the ding sounds exactly as the paw hits it.
4.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits back, paw off the bell.
8.0s - Trainer says **"Bell!"** + finger points at the bell -> the puppy taps it again; one ding exactly on the touch.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A silver desk bell sits on the turf in front of the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Close-up of the puppy's proud face next to the bell, silent, no command.
5.0s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down behind the bell.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the down until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 17: Treat on the Nose (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the trainer, who places a small treat on top of its nose.
1.5s - Trainer says **"Wait!"** + finger raised -> the puppy freezes, the treat balanced on its nose, eyes crossed on the treat.
3.0s - Close-up of the treat balanced on the fluffy muzzle; the puppy holds completely still, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Wide shot: still balancing, ears twitching.
4.0s - Trainer says **"Okay!"** + hand opens -> the puppy flips the treat into the air and catches it in its mouth.
7.0s - Trainer says **"Good boy!"** -> the puppy chews happily and stays sitting until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 18: Jump Into My Arms (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits two meters away; the trainer crouches with open arms.
1.0s - Trainer says **"Wait!"** + open palm toward the puppy -> the puppy holds the sit, tail wagging.
5.0s - Close-up of the puppy's excited face, still sitting, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Hup!"** + trainer pats his chest -> the puppy runs and leaps into the trainer's arms; he catches it against his chest.
3.0s - The puppy licks the trainer's chin while being held (trainer's face stays out of frame).
6.0s - Trainer says **"Down!"** + trainer sets it on the turf -> the puppy lies down on the turf.
8.5s - Trainer says **"Good!"** -> the puppy holds the down until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 19: Tug - Out (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a short brown jute tug toy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the tug toy, still, eyes on it.
1.0s - Trainer says **"Take!"** + toy wiggles low -> the puppy grabs the tug toy and pulls backward, growling playfully.
3.0s - Close-up of the puppy tugging hard, paws braced, no new command.
8.0s - Trainer says **"Out!"** + trainer holds the toy still -> the puppy lets go of the toy instantly.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a short brown jute tug toy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits, staring at the toy.
4.0s - Trainer says **"Take!"** + toy wiggles low -> the puppy grabs and tugs again.
7.0s - Trainer says **"Out!"** + trainer holds the toy still -> the puppy releases and sits until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 20: Mother & Puppy Together (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult female German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) and her fluffy long-haired German Shepherd puppy (about 4 months old, matching black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The adult dog and the puppy sit side by side. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - Mother and puppy sit side by side facing the trainer, still.
1.0s - Trainer says **"Down!"** + flat palm pushes down -> both lie down at the same moment.
4.5s - Trainer says **"Sit!"** + palm swings up -> both sit up together.
8.0s - Close-up: the puppy looks up at its mother, both silent, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult female German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) and her fluffy long-haired German Shepherd puppy (about 4 months old, matching black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The adult dog and the puppy sit side by side. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Paw!"** + trainer holds out two hands -> mother and puppy each place a paw in the trainer's hands at the same time.
4.5s - Trainer says **"Down!"** + flat palm pushes down -> both drop into a down.
7.5s - Trainer says **"Good!"** -> both hold the down, the puppy leaning on its mother, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Set 3

Prompt 21: Search for the Hidden Toy (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Three red training boxes stand in a row; a small yellow squeaky toy is hidden behind the last one. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits beside the trainer facing the three red boxes, still.
1.0s - Trainer says **"Search!"** + arm sweeps toward the boxes -> the puppy trots to the first box and sniffs around it.
4.0s - It moves to the second box, nose to the turf, sniffing, no new command.
8.0s - At the third box its ears shoot up; it finds the yellow toy and grabs it.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Three red training boxes stand in a row; a small yellow squeaky toy is hidden behind the last one. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Bring!"** + trainer pats his leg -> the puppy trots back proudly with the toy in its mouth.
5.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits in front of the trainer, toy in mouth.
7.5s - Trainer says **"Give!"** + open palm under its chin -> the puppy drops the toy into the palm and stays sitting until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 22: Push the Ball (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A large soft red ball lies on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits behind the red ball, still.
1.0s - Trainer says **"Push!"** + hand points forward -> the puppy nudges the ball forward with its nose.
3.0s - Low tracking shot: the puppy keeps pushing the rolling ball across the turf, no new command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A large soft red ball lies on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Stop!"** + open palm toward the puppy -> the puppy stops; the ball rolls a little and stops too.
2.0s - Trainer says **"Push!"** + hand points forward -> one more nose push toward the trainer's boots.
5.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits beside the ball.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the sit, tail wagging, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 23: Weave the Cones (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Four small orange cones stand in a straight line on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits at the first cone beside the trainer's boots.
1.0s - Trainer says **"Weave!"** + hand guides low -> the puppy weaves in and out between the four cones.
3.0s - Low side shot of the puppy zig-zagging past each cone, ears flapping, no new command.
8.0s - Trainer says **"Back!"** + hand turns back -> the puppy turns and weaves back through the cones.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Four small orange cones stand in a straight line on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
3.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits at the trainer's feet.
5.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down, panting happily.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the down until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 24: Paws Up (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A low red training box stands on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy stands in front of the red box, still.
1.0s - Trainer says **"Paws up!"** + hand taps the box top -> the puppy places both front paws on the box, back legs on the turf.
4.5s - Close-up of the puppy's face over the box edge, ears perked, no command.
8.0s - Trainer says **"Off!"** + hand sweeps to the side -> the puppy steps back down off the box.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A low red training box stands on the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Paws up!"** + hand taps the box top -> front paws back up on the box.
4.5s - Trainer says **"Off!"** + hand sweeps to the side -> the puppy steps down.
7.0s - Trainer says **"Sit!"** + palm swings up -> the puppy sits beside the box until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 25: Kiss the Hand (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the crouching trainer, still.
1.0s - Trainer says **"Kiss!"** + back of the hand held near its nose -> the puppy licks the trainer's hand twice.
4.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits back, mouth closed.
7.5s - Close-up of the puppy's sweet face and tongue tip, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Trainer says **"Kiss!"** + hand held near its nose -> the puppy gives the hand one more lick.
4.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down.
7.5s - Trainer says **"Good boy!"** + hand strokes its back -> the puppy rolls slightly onto one hip, relaxed, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 26: Bring the Leash (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A black leash lies coiled on the turf a few meters away. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits beside the trainer's boots, still.
1.0s - Trainer says **"Leash!"** + finger points at the leash -> the puppy runs to the leash and picks it up in its mouth.
5.0s - Trainer says **"Bring!"** + trainer pats his leg -> the puppy trots back with the leash trailing behind it.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A black leash lies coiled on the turf a few meters away. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits in front of the trainer holding the leash.
2.0s - Trainer says **"Give!"** + open palm under its chin -> the puppy releases the leash into the hand.
5.0s - The trainer clips the leash to the harness; the puppy wags its tail, no command.
8.0s - Trainer says **"Good boy!"** -> the puppy stays sitting, looking up, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 27: Hold the Dumbbell (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a small wooden obedience dumbbell. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits facing the trainer, still.
1.0s - Trainer says **"Hold!"** + dumbbell offered at its mouth -> the puppy takes the dumbbell and holds it gently in its mouth.
3.0s - Close-up: the puppy holds the dumbbell perfectly still, eyes on the trainer, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The trainer holds a small wooden obedience dumbbell. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
0.5s - Trainer says **"Down!"** + flat palm pushes down -> the puppy lies down, still holding the dumbbell.
3.5s - Trainer says **"Sit!"** + palm swings up -> the puppy sits up, dumbbell still in its mouth.
6.5s - Trainer says **"Give!"** + open palm under its chin -> the puppy releases the dumbbell into the hand.
8.5s - Trainer says **"Good!"** -> the puppy stays sitting until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 28: Wait at the Gate (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The chain-link gate of the yard is closed in front of the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The puppy sits beside the trainer in front of the closed gate.
1.0s - Trainer says **"Wait!"** + open palm toward the puppy -> the puppy holds the sit completely still.
2.0s - The trainer swings the gate wide open; the puppy stays seated, eyes on the trainer, no command.
8.0s - Close-up of the puppy's focused face with the open gate behind it.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of an adorable fluffy long-haired German Shepherd puppy (about 4 months old, black-and-tan coat, big upright ears, black tactical harness with a small white text patch) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The chain-link gate of the yard is closed in front of the puppy. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
2.0s - Trainer says **"Okay!"** + arm sweeps through the gate -> the puppy walks calmly through the open gate.
5.5s - Trainer says **"Sit!"** + palm swings up -> on the other side the puppy turns and sits.
8.0s - Trainer says **"Good boy!"** -> the puppy holds the sit until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 29: Triplet Puppies in Sync (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of three identical fluffy long-haired German Shepherd puppies (about 4 months old, black-and-tan coats, matching black tactical harnesses) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The three puppies sit in a straight row. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - All three puppies sit in a row facing the trainer, still.
1.0s - Trainer says **"Down!"** + flat palm pushes down -> all three lie down at the same moment.
4.5s - Trainer says **"Sit!"** + palm swings up -> all three sit up together.
8.0s - Slow pan across the three fluffy faces, silent, no command.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of three identical fluffy long-haired German Shepherd puppies (about 4 months old, black-and-tan coats, matching black tactical harnesses) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. The three puppies sit in a straight row. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.5s - Trainer says **"Down!"** + flat palm pushes down -> wide shot, all three drop down together.
4.5s - Trainer says **"Up!"** + hand lifts high -> all three rise into a beg pose at the same time.
7.5s - Trainer says **"Good!"** -> all three hold the beg pose until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

Prompt 30: Adult Over and Back (10s + 10s = 20s)

CLIP 1 (0 - 10 s of the final video)

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult male German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A white wooden obedience hurdle stands in the middle of the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

Timeline (0 - 10 s):
0.0s - The dog sits at the handler's left leg facing the hurdle, still.
1.0s - Trainer says **"Over!"** + arm points at the hurdle -> the dog runs and clears the hurdle in one powerful jump.
4.5s - Trainer says **"Sit!"** + palm up -> on the far side the dog turns and sits.
7.5s - Trainer says **"Back!"** + hand pulls toward the handler -> the dog jumps back over the hurdle toward the handler.

ENDING (for joining): at 9.0 - 10.0s the dog holds its current pose completely still and the camera holds steady on the current shot (no new cut), so the last frame can be continued in Clip 2.
SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.

CLIP 2 (10 - 20 s of the final video) - use Extend, or the last frame of Clip 1 as the image

A vertical 9:16 video, **exactly 10 seconds long**, realistic footage of a strong adult male German Shepherd (black-and-tan saddle coat, upright ears, black tactical harness) doing obedience training on bright green artificial turf in an outdoor K9 training yard (green hedge wall, red training boxes, chain-link gate with a dog-training banner). Trainers wear black uniforms and are framed from the chest down only, so their faces and mouths are never visible. A white wooden obedience hurdle stands in the middle of the turf. Soft natural daylight, handheld smartphone camera at low dog-eye level, shallow depth of field, ultra-realistic fur, 4K, real-time speed (no slow motion), no text overlay.

START (for joining): continue exactly from the last frame of Clip 1: the same dog, same pose, same position on the turf, same trainers, same lighting and the same camera angle. No jump cut, no new intro.

Timeline (0 - 10 s):
0.0s - The dog holds the same pose it had at the end of Clip 1, still.
1.0s - Close-up of the dog landing on the turf, muscles rippling, no command.
4.0s - Trainer says **"Heel!"** + hand taps the left thigh -> the dog swings into heel position at the handler's left leg and sits.
7.5s - Trainer says **"Good!"** -> the dog holds the sit, looking up, until 10.0s.

SYNC RULES: exactly 10 seconds. Every command is one short word spoken by the off-screen trainer in a firm, clear voice together with its hand signal; the dog starts the matching movement within half a second after the word. The dog never moves before a command and never does an action that was not commanded. One command at a time, no extra dialogue, quiet background music.
