Rainy Day Inside the Van

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Stuck inside on a rainy day: watching rain from the door, a puzzle toy, tug on the van floor, a towel dry after a quick potty break and a cozy nap under the blanket.

TIMELINE

0-5s	Watching rain
5-10s	Puzzle toy
10-15s	Floor tug
15-20s	Towel dry
20-25s	Blanket nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Watching rain): Inside the sage green camper van, grey rainy daylight, the side door cracked open a little showing a wet forest campsite. The dog lies with his nose near the gap, watching the rain fall on the muddy ground and puddles, ears relaxed. Sound: steady rain drumming on the roof, dripping, a soft sniff. 5-10s (Puzzle toy): Van floor on a rainy day, dim grey daylight through fogged windows, light wood cabinets. The dog noses at a red rubber treat ball, rolling it across the floor until a few kibbles fall out, then gobbles them up and pushes the ball again. Sound: rain on the roof, ball rolling, kibble crunching. 10-15s (Floor tug): Narrow floor space inside the camper van, soft lamp light and grey daylight. The owner's hand holds one end of a braided rope toy and the dog grips the other end, pulling backwards gently with playful growls, his tail wagging against a cabinet door. Sound: playful growls, tail thumping wood, rain, owner laughing. 15-20s (Towel dry): Van side door doorway, heavy rain outside, grey light. The dog has just come back in with wet muddy paws and damp fur. The owner's hands in green rain jacket sleeves rub him with a brown towel as he stands patiently, then he shakes off the rest. Sound: rain pouring, towel rubbing, water spraying, owner says "ugh, thanks buddy". 20-25s (Blanket nap): Raised bed in the back of the camper van, small warm lamp on, rain streaking the windows. The dog lies curled on the bed under the edge of a knitted grey blanket, only his head showing, eyes slowly closing. The owner's hand tucks the blanket around his shoulders. Sound: rain pattering, deep sigh, quiet breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Watching rain

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
