Fixing a Flat Tire on the Road Trip

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A flat tire on a quiet back road: he waits on leash well off the road, watches the jack go up, gets water during the wait, sniffs the spare and gets praise when it is done.

TIMELINE

0-5s	Off the road
5-10s	Watches the jack
10-15s	Water break
15-20s	Sniffs the spare
20-25s	All fixed

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Off the road): Wide grassy area well off a quiet back road, cloudy afternoon daylight, the sage green camper van parked on the shoulder with hazard lights blinking. The dog sits on a long leash tied to a fence post far from the road, looking toward the van. Sound: hazard lights clicking, wind, owner sighs "of course". 5-10s (Watches the jack): Same roadside, overcast light. In the foreground the owner's hands in work gloves turn a jack handle beside the van's front wheel, the flat tire sagging. In the background the dog lies in the grass by the fence post, head up, watching. Sound: jack ratcheting, metal clinking, birds. 10-15s (Water break): Grassy area by the fence post, cloudy daylight, far off the road. The owner kneels in her green rain jacket and fills a collapsible bowl from a water bottle. The dog drinks, then licks her gloved hand. The road and the van stay far behind them in the background. Sound: water pouring, lapping, owner says "sorry buddy, almost done". 15-20s (Sniffs the spare): Grass well away from the road, overcast light. The owner has rolled the old flat tire over to the fence. The dog stretches out his neck on his leash and sniffs the tread carefully all around, then sneezes. He stays sitting in the grass, well away from the road edge. Sound: rubber thud, sniffing, a sneeze, owner laughs. 20-25s (All fixed): Roadside grass, late afternoon light breaking through the clouds, the van now standing level on its new spare. The owner's gloved hand rubs the dog's head and he wags hard, leaning into her legs. He stays on his leash in the grass, far from the road, while the owner packs the tools away. Sound: tail thumping, wind, owner says "we did it, partner".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Off the road

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. FACEBOOK CAPTION

First flat tire of the trip. My supervisor stayed safely off the road the whole time.
Have you ever changed a tire yourself?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
