MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Under the table): Small outdoor patio of a roadside diner, sunny midday, metal tables and umbrellas, no signs in view. The dog walks with the owner to a corner table and lies down beside it on the cool concrete, tucking his legs under him. Sound: patio chatter, plates clinking inside, birds. 5-10s (Water bowl): Same diner patio, shade from a striped umbrella, bright daylight. A server's hand sets a steel water bowl on the concrete beside the dog. He sniffs it, then drinks noisily while the owner's hand pats his back. A few other diners sit at tables further away, out of focus. Sound: bowl on concrete, lapping, owner says "thank you so much". 10-15s (Truck watch): Diner patio beside a gravel parking lot, sunny daylight. A big pickup truck rolls slowly past in the lot. The dog lifts his head from his paws and watches it, ears up, then lays his head back down calmly. The parking lot is behind a low wooden rail at the patio edge. Sound: truck engine rumbling past, gravel crunching, patio chatter. 15-20s (Plain biscuit): Under the patio table, dappled umbrella shade, the owner's legs in jeans. Her hand holds out a plain dog biscuit. The dog takes it gently and crunches it, crumbs falling onto the concrete, then licks the crumbs up. No food from the plate goes to him, only this one biscuit. Sound: biscuit crunching, owner says "that's the only one you get". 20-25s (Patio nap): Diner patio in the early afternoon, umbrella shade, warm light. The dog lies on his side beside the table with his head on the owner's sneaker, eyes closed, ribs rising and falling slowly while she eats above him. He looks up at her with his ears soft and his tail sweeping the ground. Sound: patio chatter, cutlery clinking, soft snoring.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
