Hot Spring Valley Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A cool cloudy walk along the boardwalk through a steaming hot spring valley: steam all around, a sniff of the strange air, colorful mineral terraces, a curious head tilt at a mud pot and fresh water at the van.

TIMELINE

0-5s	Boardwalk start
5-10s	Sniffing steam
10-15s	Mineral terraces
15-20s	Mud pot head tilt
20-25s	Fresh water at van

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Boardwalk start): A wide wooden boardwalk with low rails crossing a pale valley, cool cloudy morning light, white steam drifting up from pools well away from the boardwalk. The dog walks in the middle of the boards on a short leash, and the owner's hand in a green rain jacket sleeve holds the leash close. Sound: boards thudding, hissing steam, wind. 5-10s (Sniffing steam): Same boardwalk, overcast daylight, a patch of steam drifting across the path. The dog stops in the center of the boards, lifts his nose and sniffs the strange smelling air, wrinkles his nose and sneezes, then looks up at the camera while staying firmly on the boardwalk. Sound: hissing steam, a sneeze, owner laughs "smells like eggs, right?". 10-15s (Mineral terraces): From the wide boardwalk, cloudy light, orange, cream and white mineral terraces step down the slope beside steaming pools far from the path. The dog sits on the wooden boards on his short leash, calmly watching the steam rise, his white coat damp from the mist. Sound: trickling water, steam, distant voices. 15-20s (Mud pot head tilt): A section of boardwalk overlooking a grey bubbling mud pot set far back from the rails, flat overcast daylight. The mud plops and bubbles slowly. The dog stands on the boards, ears up, and tilts his head from side to side at the strange popping sound. Sound: thick bubbling and plopping, owner whispers "what is that?". 20-25s (Fresh water at van): A gravel parking area at the edge of the valley, cloudy morning light, the sage green camper van with no logos parked with its side door open. The owner's hand fills a steel bowl from a water bottle and the dog drinks happily beside the van. Sound: pouring water, lapping, gravel crunching, a car passing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Boardwalk start

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Steam, bubbling mud and a very confused dog.
He stayed on the boardwalk like a pro.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
