Alpine Lake Canoe Paddle

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm morning paddle on a clear mountain lake: life vest on at the shore, stepping into the canoe, gliding across still water, peeking over the side and a shake back on the pebbles.

TIMELINE

0-5s	Life vest on
5-10s	Stepping in
10-15s	Paddling
15-20s	Peeking over side
20-25s	Shake on shore

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Life vest on): A pebbly lakeshore with pine trees and rocky peaks behind, calm cool morning light. A green canoe rests half on the stones. The owner's hands buckle a bright orange dog life vest around the dog's chest and tug the straps snug. He stands still, then wags. Sound: buckles clicking, calm water lapping, birds. 5-10s (Stepping in): The green canoe floating at the edge of the calm clear lake, morning daylight. The owner's hands hold the side steady while the dog in his orange life vest carefully steps in and sits on a foam mat in the middle, looking around at the water. Sound: canoe creaking, soft splash, owner says "good, sit". 10-15s (Paddling): Point of view from the back seat of the canoe on a calm alpine lake, clear cool morning light, pine forest and rocky peaks around. The dog sits in the middle in his orange life vest facing forward, ears moving in the breeze, while a wooden paddle dips into the still water at the side of the frame. Sound: paddle dipping, dripping water, quiet lake, a loon far away. 15-20s (Peeking over side): Mid-lake in the green canoe, calm water and soft morning daylight. The dog in his orange life vest leans his head slightly to look down into the clear water at the smooth stones below, sniffs the surface, then sits back up straight and looks at the camera. Sound: water lapping the hull, sniffing, owner says "see any fish?". 20-25s (Shake on shore): Back on the pebbly shore beside the beached green canoe, morning light. The dog steps out onto the stones and does a full body shake in his orange life vest, then the owner's hands unbuckle the vest while he wags and sniffs her green rain jacket sleeve. Sound: pebbles shifting, a shake, buckles clicking, owner laughs.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Life vest on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. A pebbly lakeshore with pine trees and rocky peaks behind, calm cool morning light. A green canoe rests half on the stones. The owner's hands buckle a bright orange dog life vest around the dog's chest and tug the straps snug. He stands still, then wags. Sound: buckles clicking, calm water lapping, birds.

Clip 2 | 5-10s | Stepping in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Back on the pebbly shore beside the beached green canoe, morning light. The dog steps out onto the stones and does a full body shake in his orange life vest, then the owner's hands unbuckle the vest while he wags and sniffs her green rain jacket sleeve. Sound: pebbles shifting, a shake, buckles clicking, owner laughs.

FACEBOOK CAPTION

First mate reporting for duty.
He sat so still the whole time, I am so proud.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
