Slot Canyon Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A dry clear morning walk into a wide slot canyon: the sandy wash entrance, walking between curving orange walls, sniffing the smooth stone, a sit in a wider spot and stepping back out into the sun.

TIMELINE

0-5s	Sandy wash entrance
5-10s	Between curving walls
10-15s	Sniffing the wall
15-20s	Sit in wide spot
20-25s	Back into sun

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Sandy wash entrance): A wide dry sandy wash leading toward a narrow opening in orange sandstone cliffs, clear blue sky and bright dry morning light. The dog walks ahead on a loose leash, paws sinking slightly in the soft sand, and the owner's boots appear behind him. Sound: soft footsteps in sand, birds, light breeze. 5-10s (Between curving walls): Inside the slot canyon, a wide flat sandy floor between tall smooth curving orange walls, soft indirect daylight bouncing down from the strip of sky above. The dog walks ahead on his leash, looking up and around at the wavy stone. Sound: echoing footsteps, quiet air, owner says "so cool" with an echo. 10-15s (Sniffing the wall): Same canyon, soft warm indirect light on the layered sandstone. The dog stops and sniffs along a smooth wavy section of the wall at nose height, tail wagging slowly, while the owner's hand in a green rain jacket sleeve touches the stone beside him. Sound: sniffing, echo of a soft voice, sand shifting. 15-20s (Sit in wide spot): A wider section of the slot canyon with a dry sandy floor, a thin strip of blue sky high above and soft orange light on the walls. The dog sits in the middle of the sand facing the camera, panting lightly, then looks up at the sky. Sound: quiet echo, panting, owner says "good boy, stay". 20-25s (Back into sun): The canyon opening onto the bright sandy wash, clear sky and strong morning daylight. The dog trots out of the shade into the sun, shakes off some sand, and the owner's hand pours water into a blue collapsible bowl on the sand for him to drink. Sound: footsteps, pouring water, lapping, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Sandy wash entrance

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. FACEBOOK CAPTION

Checked the weather three times before this one.
Dry skies, wide sandy floor, happy dog.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
