Rice Terrace Trail Walk

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A walk along green rice terraces: the wide path above the terraces, a grassy embankment between paddies, watching ducks far away, a water break in a bamboo shelter and back to the van.

TIMELINE

0-5s	Above the terraces
5-10s	Grassy embankment
10-15s	Watching ducks
15-20s	Shelter water break
20-25s	Back to van

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Above the terraces): A wide dirt path along the top of stepped green rice terraces, soft morning light, low clouds on the mountains behind. The dog walks ahead on a loose leash, looking out over the curving green steps below, while the owner's boots appear in the frame. Sound: birds, trickling water, footsteps. 5-10s (Grassy embankment): A wide grassy embankment path between two flooded rice paddies with bright green shoots, calm morning daylight. The dog trots along the middle of the path on his leash, sniffing the grass edges, frogs plopping into the water ahead. The owner's boots follow close behind on the grass. Sound: frog plops, trickling water, birds. 10-15s (Watching ducks): On the embankment path, soft daylight. Far away in a lower paddy, a few ducks paddle slowly through the green rice shoots. The dog stops, ears up, and watches them from far away, staying still on his leash, his tail slowly swaying behind him on the grassy path. Sound: faint quacking, birds, owner whispers "leave them, good boy". 15-20s (Shelter water break): A small bamboo shelter with a thatched roof beside the terraces, warm midday light outside and shade inside. The owner's hand, in a green rain jacket sleeve, pours water into a blue collapsible bowl and the dog drinks, then lies down in the cool shade. Sound: pouring water, lapping, insects, breeze. 20-25s (Back to van): A narrow paved road at the foot of the terraced hillside, late afternoon light. The sage green camper van with no logos is parked at the roadside. The dog jumps in through the open side door, and the owner, a woman with a long auburn braid, slides it closed. Sound: paws on the van floor, door sliding shut, birds.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Above the terraces

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. A wide dirt path along the top of stepped green rice terraces, soft morning light, low clouds on the mountains behind. The dog walks ahead on a loose leash, looking out over the curving green steps below, while the owner's boots appear in the frame. Sound: birds, trickling water, footsteps.

Clip 2 | 5-10s | Grassy embankment

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

Walked the edges of the rice terraces all day.
He never once stepped in a paddy. Proud of him.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
