Lazy Day Rafting Down the River

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A calm float down a wide gentle river: gearing up on the bank, pushing off, floating past the trees, watching a heron from afar and a lunch stop on a sandbar.

TIMELINE

0-5s	Gearing up
5-10s	Pushing off
10-15s	Floating along
15-20s	Heron watching
20-25s	Sandbar lunch

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Gearing up): Gravel riverbank on an overcast morning, a grey inflatable raft pulled up on the stones, willow trees behind. The owner, wearing her own blue life vest over a green rain jacket, buckles a yellow dog life vest onto the dog. He stands still, then sniffs the raft's rubber side with great interest. Sound: river murmuring, buckles clicking, owner says "you look great". 5-10s (Pushing off): Edge of a wide calm river, overcast morning, smooth brown-green water barely moving. The dog sits on a grey foam mat in the middle of the raft wearing his yellow life vest. The owner's paddle pushes against the bank and the raft drifts gently out onto the flat water. Sound: paddle scraping gravel, water gurgling, raft squeaking. 10-15s (Floating along): Middle of the wide calm river, soft overcast daylight, tall cottonwoods on both banks. The dog sits in the raft in his yellow life vest looking from side to side, ears forward. The owner's paddle dips gently into the flat water at the edge of the frame and drips as it lifts. Sound: paddle dipping, water dripping, birds on the banks. 15-20s (Heron watching): Same calm river, the clouds thinning, pale sunlight. Far away on a muddy bank a grey heron stands still in the shallows. The dog sits quietly in the drifting raft in his yellow life vest, ears perked and nose working, watching the distant bird without moving while the raft floats past. Sound: quiet water, owner whispers "look, way over there". 20-25s (Sandbar lunch): Wide sandy sandbar in the middle of the calm river, midday sunlight breaking through, the raft pulled up on the sand. The dog's life vest is off and lies next to the raft. He eats kibble from a collapsible bowl on the sand while the owner's sandwich sits on a dry bag beside her knees. Sound: crunching kibble, gentle river flow, a crow calling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Gearing up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. Gravel riverbank on an overcast morning, a grey inflatable raft pulled up on the stones, willow trees behind. The owner, wearing her own blue life vest over a green rain jacket, buckles a yellow dog life vest onto the dog. He stands still, then sniffs the raft's rubber side with great interest. Sound: river murmuring, buckles clicking, owner says "you look great".

Clip 2 | 5-10s | Pushing off

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
