Wild Swimming in Our Secret River Pool

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A warm afternoon at a calm river pool: life vest on, wading in, swimming side by side, a short stick retrieve and a big shake on the rocks.

TIMELINE

0-5s	Life vest on
5-10s	Wading in
10-15s	Swimming together
15-20s	Stick retrieve
20-25s	Big shake

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Life vest on): Flat sunny rocks beside a clear river pool, warm afternoon sunlight, green trees on the far bank. The owner's hands buckle a bright orange dog life vest with a grab handle onto the dog. He stands still but stares at the water, tail wagging so hard his whole back end moves. Sound: water trickling over stones, buckles clicking, owner says "almost ready". 5-10s (Wading in): Gravel edge of the calm river pool, warm afternoon light, clear green water with smooth stones visible on the bottom. The dog in his orange life vest wades in step by step until the water reaches his chest, then stops and laps at the surface, looking back at the camera. Sound: splashing, lapping, owner laughing "is it cold?". 10-15s (Swimming together): Middle of the calm deep pool, warm afternoon sun, still water. The owner is in the water up to her shoulders, her wet auburn braid floating. The dog swims calmly beside her in his orange life vest, head held high, paddling with steady strokes, ripples spreading around them. Sound: paddling splashes, heavy snorting breaths, owner says "good swimming". 15-20s (Stick retrieve): Same calm river pool, sunny afternoon. The owner's hand tosses a short smooth stick a few meters across the flat water. The dog in his orange life vest swims to it, grabs it in his mouth and paddles straight back toward the camera, water streaming off his white head. Sound: stick plopping, splashing, snorting, owner cheers. 20-25s (Big shake): Flat warm rocks at the edge of the pool, late afternoon sun. The dog climbs out still wearing his orange life vest, plants his feet and shakes hard, spraying water all over the camera. Then he drops the stick on the rock and flops down to sunbathe, panting. Sound: a huge shake, owner shrieking and laughing, water dripping on rock.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Life vest on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. Flat sunny rocks beside a clear river pool, warm afternoon sunlight, green trees on the far bank. The owner's hands buckle a bright orange dog life vest with a grab handle onto the dog. He stands still but stares at the water, tail wagging so hard his whole back end moves. Sound: water trickling over stones, buckles clicking, owner says "almost ready".

Clip 2 | 5-10s | Wading in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
