We Cleaned Up Our Favorite Trail

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A trail cleanup morning: gloves and a grabber at the trailhead, the first find, a bottle in the bushes, a full bag and dropping it in the bin with a reward for the helper.

TIMELINE

0-5s	Gearing up
5-10s	First find
10-15s	Bottle in the bushes
15-20s	Full bag
20-25s	Treat reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Gearing up): Small gravel trailhead lot, cool sunny morning, wooden fence and trees. The owner's hands pull on yellow work gloves and pick up a long metal grabber tool and a plain grey trash bag. The dog sits in front of her in his harness, ears up, ready to go. Sound: gloves snapping, bag rustling, owner says "let's clean up, buddy". 5-10s (First find): Wide dirt trail through mixed woods, sunny morning. The dog stops and sniffs at a crumpled plain silver can in the leaves at the trail edge. The owner's grabber reaches in and picks it up before he touches it, and drops it into the grey bag. He sniffs the spot again. Sound: metal grabber clicking, can rattling, birds. 10-15s (Bottle in the bushes): Same trail, sun filtering through the trees, low bushes along the side. The dog pushes his nose toward a clear plastic bottle stuck in the bushes and looks back at the camera. The grabber reaches past him and pulls the bottle out with a crinkle. Sound: bushes rustling, plastic crinkling, owner says "good find". 15-20s (Full bag): Further along the wide trail, late morning sunlight, a wooden footbridge ahead. The grey bag in the owner's hand is now bulging. The dog walks beside her on a loose leash with his tail up, glancing at the bag every few steps as it rustles. Sound: bag rustling, footsteps on the bridge planks, a creek below. 20-25s (Treat reward): Back at the gravel trailhead lot, bright midday sun, a large dark green trash bin with no writing. The owner's hand drops the full grey bag inside and the lid bangs shut. The dog sits and her gloved hand offers him a small treat, which he takes gently, tail sweeping the gravel. Sound: lid banging, gravel swishing, owner says "best helper".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Gearing up

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
