# We Tried Gold Panning

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

A sunny day trying gold panning in a mountain stream: finding a spot, swirling the pan, the dog playing in the riffles, spotting tiny flakes and drying off on the gravel.

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Finding a spot): Clear mountain stream with gravel bars and big rounded boulders, sunny late morning, pine trees on the slopes. The owner kneels on the gravel holding a black plastic gold pan. The dog stands nearby in the ankle-deep shallows, sniffing the water and looking at the pan. Sound: stream rushing gently, gravel crunching, owner says "let's get rich". 5-10s (Swirling the pan): Edge of the clear stream, bright sunlight on the water. The owner's hands swirl water and gravel around in the black pan, water sloshing over the rim. The dog leans in, nose almost touching the pan, watching the swirl with intense focus, ears pricked forward. Sound: water sloshing, gravel swishing, stream flowing. 10-15s (Playing in the riffles): Shallow riffles in the stream, sunny midday light, water only ankle deep over smooth stones. The dog pounces playfully at the bubbling ripples, front paws splashing, then shoves his face in the water and comes up dripping, tail wagging fast, white chest soaked. Sound: splashing, the stream bubbling, owner laughs "you're scaring the gold". 15-20s (Tiny flakes): Close-up of the black pan in the owner's hands, sunny midday light. A thin layer of dark sand sits in the bottom with a few tiny gold specks. The dog's wet white nose pushes into the frame and sniffs the pan, dripping onto the sand. Sound: water dripping, sniffing, owner squeals "there it is!". 20-25s (Drying off): Warm sunny gravel bar beside the stream, early afternoon, rounded stones baking in the sun. The dog lies on his side on the warm gravel, legs stretched, damp fur drying, eyes half closed. The owner's black pan rests on a stone next to him. Sound: stream flowing, a deep sigh, pine trees creaking in the breeze.

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

## HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
