# Puppy Meets the Ocean

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

## VIDEO IDEA

The puppy sees the sea for the first time on a calm day: first steps on sand, a tiny wave surprise, following the foam with the owner, digging and a towel cuddle by the van.

## TIMELINE

| | |
|---|---|
| **0-5s** | First steps on sand |
| **5-10s** | Tiny wave surprise |
| **10-15s** | Following the foam |
| **15-20s** | Digging in wet sand |
| **20-25s** | Towel cuddle |

## MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 9-week-old male white German Shepherd puppy with fluffy pure white fur, black nose, oversized paws and floppy ears, wearing a small tan collar. 0-5s (First steps on sand): Wide flat sandy beach on a calm overcast morning, soft grey sea in the background, a few strands of dry seaweed. The puppy takes his first careful steps onto the dry sand, lifting his oversized paws high and sniffing the ground, with the owner's bare feet and rolled-up jeans right beside him. Sound: quiet small waves, gulls far away, owner says "what is this stuff". 5-10s (Tiny wave surprise): Same calm beach at the waterline, overcast daylight. A tiny calm wave, only a thin sheet of foam, slides up the wet sand and touches the puppy's front paws. He hops backwards in surprise, then leans forward to sniff the bubbly water. The owner's feet stand right beside him. Sound: soft hiss of foam on sand, small puppy yip, owner giggling. 10-15s (Following the foam): Same flat beach, cloudy calm sea. As the thin foam slides back, the puppy trots a few steps after it on the wet sand, then turns and runs back up as the next tiny wave arrives. The owner walks right alongside him, her hand low near his back. Sound: tiny waves, little splashy paws, owner says "careful, stay with me". 15-20s (Digging in wet sand): Dry part of the same beach above the waterline, soft overcast daylight. The puppy digs a small hole with both front paws, wet sand flying behind him, then shoves his whole nose into the hole and comes up with sand on his black nose and white face. Sound: sand scratching, sneeze, owner laughs "look at your face". 20-25s (Towel cuddle): Beach parking area, the sage green camper van with no writing or logos with its back doors open, grey daylight. The owner sits on the van's back step with the puppy wrapped in a striped beach towel on her lap, only his head poking out. Her green rain jacket sleeve rubs his ears dry. Sound: wind, distant waves, towel rubbing, puppy's big yawn.

## AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

## CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

### Clip 1 | 0-5s | First steps on sand

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 9-week-old male white German Shepherd puppy with fluffy pure white fur, black nose, oversized paws and floppy ears, wearing a small tan collar. Wide flat sandy beach on a calm overcast morning, soft grey sea in the background, a few strands of dry seaweed. The puppy takes his first careful steps onto the dry sand, lifting his oversized paws high and sniffing the ground, with the owner's bare feet and rolled-up jeans right beside him. Sound: quiet small waves, gulls far away, owner says "what is this stuff".

### Clip 2 | 5-10s | Tiny wave surprise

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. Sound: wind, distant waves, towel rubbing, puppy's big yawn.

### FACEBOOK CAPTION

Tiny waves only for this tiny guy.
He has decided the ocean is suspicious but fun.

### HOW TO MAKE IT LOOK REAL

| | |
|---|---|
| **Use a real photo** | Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips. |
| **Muse AI: one video** | Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts. |
| **Pick the most natural** | Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face. |
| **Keep the real sound** | Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath. |
| **No filters** | Do not add filters, slow motion or fancy transitions - real home videos don't have them. |
