Muddy Paws After Every Trail

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The never-ending mud routine: splashing through a trail puddle, the muddy leg reveal, paw wipes on the van step, a water rinse and the clean dog on his towel.

TIMELINE

0-5s	Puddle stomp
5-10s	Muddy leg reveal
10-15s	Paw wipe
15-20s	Water rinse
20-25s	Clean on the towel

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. 0-5s (Puddle stomp): Muddy forest trail after rain, grey overcast daylight, wet leaves along the path. A wide brown puddle covers the trail. The dog trots straight through the middle instead of going around, splashing mud up onto his white chest and legs, and keeps going happily. Bare branches drip overhead and the path is slick. Sound: loud splashing, owner groans "of course". 5-10s (Muddy leg reveal): Same forest trail, overcast light. The owner tilts the phone down at the dog standing on the path. His pure white coat is spotless on top, but his legs are dark brown with mud up to his elbows, like he is wearing boots. He wags and looks up. Sound: dripping trees, panting, owner laughs "look at you". 10-15s (Paw wipe): Gravel parking area beside the sage green camper van with no writing or logos, side door open, cloudy daylight. The dog stands on the van step on an old towel. The owner's hands lift one muddy front paw and wipe it with another towel, brown streaks spreading across the fabric. Sound: towel rubbing, wind, owner says "other paw please". 15-20s (Water rinse): Same gravel lot beside the van, overcast light. The owner's hand pours water from a large plastic water jug over the dog's muddy back legs while he stands still on the gravel. Brown water runs off his legs into a puddle under him. The van's open side door is just behind them. Sound: splashing water, dog shaking one leg, owner says "almost done". 20-25s (Clean on the towel): Inside the parked van, plain daylight through the open door. The dog lies on a dry green towel on the van floor, legs white again but still a little damp. Beside him the camera pans to a pile of muddy towels and a muddy floor mat. Sound: dog sighing, owner says "every single trail".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Puddle stomp

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real adult male white German Shepherd with a pure white thick medium-length coat, black nose, dark eyes, upright ears, strong athletic build, wearing a grey adventure harness over a tan leather collar, coat a little dusty from the trail. Muddy forest trail after rain, grey overcast daylight, wet leaves along the path. A wide brown puddle covers the trail. The dog trots straight through the middle instead of going around, splashing mud up onto his white chest and legs, and keeps going happily. Bare branches drip overhead and the path is slick. Sound: loud splashing, owner groans "of course".

Clip 2 | 5-10s | Muddy leg reveal

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. FACEBOOK CAPTION

White dog, muddy trails. I own more towels than clothes.
Anyone else on a first name basis with mud?

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
