Mom Cleans the Litter

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Mom's daily wash in the whelping box: she arrives, washes the puppy's face, rolls him over for his belly, moves to the next pup and settles down with a clean litter.

TIMELINE

0-5s	Mom arrives
5-10s	Washes his face
10-15s	Rolls him over
15-20s	Next puppy
20-25s	All clean

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 3-week-old male liver-and-tan German Shepherd puppy, tiny and round, eyes just open, short fuzzy chocolate-brown and tan fur, a brown nose, tiny folded ears, a thin light blue ribbon around his neck. 0-5s (Mom arrives): Whelping box in a quiet spare room, low wooden sides, clean cream fleece blankets, soft morning daylight. The mother, an adult female black-and-tan German Shepherd with a red collar, steps calmly into the box where the tiny puppy and three littermates with thin colored ribbon collars lie in a loose pile on the fleece. Sound: blanket rustling, sleepy squeaks. 5-10s (Washes his face): Same whelping box, morning daylight. The mother, a black-and-tan German Shepherd with a red collar, gently licks the puppy's face and ears with long slow strokes while he squeezes his eyes shut and sits still, his fuzzy chocolate-brown fur getting ruffled. Sound: gentle licking, a tiny squeak. 10-15s (Rolls him over): Whelping box in a quiet spare room, low wooden sides, clean cream fleece blankets, soft daylight. The mother nudges the puppy softly with her nose so he rolls onto his back, then licks his round belly. His tiny paws wave in the air and he squeaks once. Her red collar is visible at the top of the frame. Sound: soft licking, one squeak. 15-20s (Next puppy): Same whelping box, morning light. The mother moves on to a black-and-tan littermate with a green ribbon collar and licks its head, while the puppy beside her wobbles up onto his feet and shakes his whole little body, ears flapping. Sound: licking, tiny ear flaps. 20-25s (All clean): Whelping box in a quiet spare room, low wooden sides, clean cream fleece blankets, soft daylight. The mother, a black-and-tan German Shepherd with a red collar, lies down along the blanket and the puppy settles against her chest, his freshly licked fur sticking up in little tufts. She rests her chin on the edge of the box and closes her eyes. Sound: mom's long sigh, quiet room.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Mom arrives

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 3-week-old male liver-and-tan German Shepherd puppy, tiny and round, eyes just open, short fuzzy chocolate-brown and tan fur, a brown nose, tiny folded ears, a thin light blue ribbon around his neck. Whelping box in a quiet spare room, low wooden sides, clean cream fleece blankets, soft morning daylight. The mother, an adult female black-and-tan German Shepherd with a red collar, steps calmly into the box where the tiny puppy and three littermates with thin colored ribbon collars lie in a loose pile on the fleece. Sound: blanket rustling, sleepy squeaks.

Clip 2 | 5-10s | Washes his face

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
