Playpen Chaos

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

Ten minutes inside the litter's playpen: toys everywhere, a paw in the water bowl, a plush toy pile-up, an escape attempt and a sudden heap of sleeping puppies.

TIMELINE

0-5s	Pen overview
5-10s	Water bowl paw
10-15s	Toy pile-up
15-20s	Escape attempt
20-25s	Sudden quiet

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Pen overview): Laundry room with a grey tile floor, a metal puppy playpen lined with a washable mat, morning daylight from a small window. The puppy and three littermates with thin colored ribbon collars tumble around inside, one chewing a rubber ball, one sitting, the puppy pouncing on a plush toy. Sound: squeaks, toys squeaking, paws on the mat. 5-10s (Water bowl paw): Same laundry room playpen, morning daylight on the grey tile. The puppy steps one big front paw right into a shallow steel water bowl, splashing a little water onto the mat. He looks down at his wet paw, then laps at the water. Sound: a small splash, lapping. 10-15s (Toy pile-up): Playpen in the laundry room, morning daylight. The puppy and a liver-and-tan littermate with a yellow ribbon collar both grab the same plush squirrel toy. They pull and wiggle, then flop over together onto the mat, legs waving, still holding it. Sound: toy squeaking, playful growls. 15-20s (Escape attempt): Laundry room playpen, morning light from the small window. The puppy stands on his hind legs with his front paws resting on the metal pen bars, peering out at the camera and whining softly, tail wagging. The owner's hand reaches over and strokes his head. Sound: soft whining, owner says "nice try". 20-25s (Sudden quiet): Same playpen, softer late morning daylight in the laundry room. All four puppies lie asleep in a loose heap on the mat, the puppy on top with his chin on a littermate's back, toys scattered around them, one little paw twitching. Sound: quiet breathing, a washing machine humming.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Pen overview

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Laundry room with a grey tile floor, a metal puppy playpen lined with a washable mat, morning daylight from a small window. The puppy and three littermates with thin colored ribbon collars tumble around inside, one chewing a rubber ball, one sitting, the puppy pouncing on a plush toy. Sound: squeaks, toys squeaking, paws on the mat.

Clip 2 | 5-10s | Water bowl paw

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
