MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Too pushy): Back patio, overcast late afternoon daylight, grey pavers and a low step. The mother, an adult female black-and-tan German Shepherd with a red collar, lies on a large dog bed. The puppy bounces up and nips playfully at her ear, tail wagging hard. Sound: playful yip, distant birds. 5-10s (Nose nudge): Same patio, overcast daylight. The mother lifts her head and gives the puppy one soft, gentle nudge on the shoulder with her nose. He stops, sits back on his bottom and looks at her, his ears lowered a little. Her red collar is visible and her tail stays relaxed on the bed. Sound: a soft huff, quiet patio. 10-15s (Tries gently): Patio with grey pavers, overcast light. The puppy creeps forward slowly and licks the chin of his mother, a black-and-tan German Shepherd with a red collar, softly instead of nipping. She lets him, blinking calmly, and lays her head back down on her paws. Sound: gentle licking, owner whispers "good boy". 15-20s (Copies mom): Patio by the back door, overcast daylight. The mother, a black-and-tan German Shepherd with a red collar, sits calmly beside the owner's legs while the owner holds a small dog biscuit. The puppy watches her, then plops down into a wobbly sit next to her, looking up. Sound: owner says "sit", collar jingle. 20-25s (Cuddle reward): Same patio, late afternoon light fading. The puppy curls up against his mother's chest on the dog bed and she rests her chin gently over his back. His eyes slowly close as her side rises and falls. The owner's legs in jeans stand at the edge of the frame on the pavers. Sound: calm breathing, crickets starting.

HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
