Puppy Teeth Check

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A quick teeth check: chewing his teething ring, a gentle lip lift at the side, a peek at the front teeth, a wiggle away and a treat reward.

TIMELINE

0-5s	Teething chew
5-10s	Side lip lift
10-15s	Front teeth
15-20s	Wiggles away
20-25s	Treat reward

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Teething chew): Living room carpet, afternoon daylight from a window. The puppy lies on his belly gnawing on a soft rubber teething ring, holding it between his big front paws, chewing with his side teeth and tilting his head. A grey couch and a few scattered toys show in the background. Sound: rubber squeaking, chewing. 5-10s (Side lip lift): Same living room, afternoon light. The puppy sits between the owner's knees. The owner's hand gently lifts his upper lip at one side for a second, showing his tiny sharp white puppy teeth and pink gums. The owner's other hand rests gently around his chest, steadying him calmly. Sound: owner says "let me see". 10-15s (Front teeth): Living room, afternoon daylight. The owner's hand carefully lifts the front of the puppy's upper lip with one thumb, showing a neat row of tiny front teeth. He holds still briefly, then licks the owner's thumb. The owner's other hand rests gently on his back the whole time. Sound: a quick lick, owner laughs. 15-20s (Wiggles away): Living room carpet, daylight. The puppy wiggles out from between the owner's knees, shakes his head and trots a few steps away, then turns back and drops into a play bow at the owner's hand. A grey couch and a woven basket of toys sit in the background in the soft window light. Sound: collar jingle, a playful yip. 20-25s (Treat reward): Living room, late afternoon light from the window. The owner's hand offers a small soft puppy treat on an open palm. The puppy takes it gently, chews it and licks his lips, tail wagging against the carpet. The owner sits cross-legged on the carpet in jeans beside him. Sound: chewing, owner says "good boy".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Teething chew

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room carpet, afternoon daylight from a window. The puppy lies on his belly gnawing on a soft rubber teething ring, holding it between his big front paws, chewing with his side teeth and tilting his head. A grey couch and a few scattered toys show in the background. Sound: rubber squeaking, chewing.

Clip 2 | 5-10s | Side lip lift

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
