First Taste of Banana

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy tries banana for the first time: sniffing the peel, a suspicious look at a tiny piece, the funny first taste, begging for more and a drink from his own bowl.

TIMELINE

0-5s	Smelling the banana
5-10s	Tiny piece offered
10-15s	The first taste
15-20s	Begging for more
20-25s	Back to his bowl

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Smelling the banana): Small bright kitchen, morning daylight from a window over the sink, beige tile floor and white cabinets. The owner's hand peels a banana above the counter while the dog sits on the floor below with his nose high in the air, sniffing hard, his tail sweeping back and forth across the tiles. Sound: banana peel tearing, hard sniffing, tail swishing on tile. 5-10s (Tiny piece offered): Same kitchen, natural morning light. The owner crouches down and holds out one tiny piece of banana, smaller than a fingertip, on a flat open palm. The dog sniffs it suspiciously, pulls his head back, then leans in and sniffs again with his whiskers twitching. Sound: quiet kitchen, sniffing, owner says "just a tiny bit". 10-15s (The first taste): Kitchen floor, morning daylight, the owner's sock feet in frame. The dog licks the small banana piece, takes it into his mouth and chews with a funny smacking motion, lets it drop onto the tile, sniffs it, then picks it up again and eats it, licking his lips. Sound: smacking and chewing, owner laughing "what do you think?". 15-20s (Begging for more): Kitchen with dishwasher and cabinets behind, soft morning daylight, beige tile floor. The dog sits clumsily in front of the owner, licking his lips over and over, staring up at the half-peeled banana in the owner's hand and giving one tiny paw tap on the owner's shin. Sound: lip licking, a small whine, owner says "no, that's enough for a puppy". 20-25s (Back to his bowl): Corner of the same kitchen with a small steel water bowl on a rubber mat, morning light from the window. The dog toddles over to the bowl and laps noisily, water dripping from his chin, then lies down on the cool tiles and chews on a rubber puppy toy. Sound: loud lapping, dripping water, rubber toy squeaking softly.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Smelling the banana

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Small bright kitchen, morning daylight from a window over the sink, beige tile floor and white cabinets. The owner's hand peels a banana above the counter while the dog sits on the floor below with his nose high in the air, sniffing hard, his tail sweeping back and forth across the tiles. Sound: banana peel tearing, hard sniffing, tail swishing on tile.

Clip 2 | 5-10s | Tiny piece offered

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
