First Collar and Leash

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy gets his very first collar and leash: the collar going on, a scratch-and-topple, tugging the new leash like a toy, wobbly first steps outside and a proud treat on the step.

TIMELINE

0-5s	Collar goes on
5-10s	Scratch and topple
10-15s	Leash tug
15-20s	First steps outside
20-25s	Treat on the step

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Collar goes on): Living room with a beige carpet and a worn grey sofa, soft afternoon daylight from a window. The dog sits on the carpet while the owner's two hands gently fasten his new light blue collar around his neck, checking that two fingers fit underneath. He tilts his head and sniffs the owner's wrist. Sound: buckle click, quiet room, owner says "there you go, so handsome". 5-10s (Scratch and topple): Same living room carpet, afternoon daylight. The dog sits and scratches at the new collar with one back paw, loses his balance and topples onto his side, then rolls back up and shakes his head, ears flopping, the little metal tag jingling under his chin. Sound: tag jingling, soft thump on carpet, owner laughing. 10-15s (Leash tug): Living room floor, natural afternoon light, sofa behind. The owner's hand clips a thin light blue leash to the collar. The dog immediately turns and grabs the leash in his mouth, tugging it like a toy with soft puppy growls, tail wagging, while the owner holds the loop loosely. Sound: leash clip click, tiny growls, owner says "that's not a toy". 15-20s (First steps outside): Small fenced backyard, mild afternoon, overcast daylight, short grass and a garden hose coiled by the wall. The dog takes his first steps on the leash beside the owner's sneakers, stops, sits down stubbornly, then trots forward again when the owner crouches ahead and pats the grass. Sound: birds, owner says "come on, this way", tag jingling. 20-25s (Treat on the step): Back step of the house, soft afternoon daylight, the leash lying slack on the concrete. The dog sits beside the owner's feet. The owner's hand gives him a small treat and scratches his chest, and he leans into the scratch, eyes half closing, tail thumping the step. Sound: crunching, tail thumping, owner says "good job today".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Collar goes on

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room with a beige carpet and a worn grey sofa, soft afternoon daylight from a window. The dog sits on the carpet while the owner's two hands gently fasten his new light blue collar around his neck, checking that two fingers fit underneath. He tilts his head and sniffs the owner's wrist. Sound: buckle click, quiet room, owner says "there you go, so handsome".

Clip 2 | 5-10s | Scratch and topple

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Same living room carpet, afternoon daylight. The dog sits and scratches at the new collar with one back paw, loses his balance and topples onto his side, then rolls back up and shakes his head, ears flopping, the little metal tag jingling under his chin. Sound: tag jingling, soft thump on carpet, owner laughing.

Clip 3 | 10-15s | Leash tug

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Living room floor, natural afternoon light, sofa behind. The owner's hand clips a thin light blue leash to the collar. The dog immediately turns and grabs the leash in his mouth, tugging it like a toy with soft puppy growls, tail wagging, while the owner holds the loop loosely. Sound: leash clip click, tiny growls, owner says "that's not a toy".

Clip 4 | 15-20s | First steps outside

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
