First Grooming Brush

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy's first brushing on the porch: sniffing the brush, relaxing under gentle strokes, puffs of puppy fluff, a belly brush and a surprising ball of fur.

TIMELINE

0-5s	Meeting the brush
5-10s	First strokes
10-15s	Puffs of fluff
15-20s	Belly brush
20-25s	Ball of fur

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Meeting the brush): Back porch with wooden boards, mild morning daylight, a potted plant in the corner. The owner's hand holds out a soft pink rubber grooming brush. The dog sniffs it all over, licks it, then tries to grab it with his little teeth, his tail wagging behind him. Sound: birds, sniffing, owner says "it's just a brush". 5-10s (First strokes): Same porch, soft morning daylight. The dog lies on a folded beach towel while the owner's hand moves the soft brush gently along his back. He wiggles at first, then settles down, his eyes going half closed as he stretches out his oversized front paws on the towel. Sound: soft brushing sound, a content puppy sigh. 10-15s (Puffs of fluff): Porch boards, natural morning daylight. The owner brushes the dog's fluffy chest gently, and little puffs of soft puppy fur collect on the brush and drift onto the towel. The dog bites playfully at the brush handle, and the owner pauses to let him sniff it again. Sound: brushing, playful nibble, owner laughing "so much fluff". 15-20s (Belly brush): Same porch, morning light, the beach towel now dotted with fuzzy brown fur. The dog rolls onto his back on the towel, belly showing, back paws twitching. The owner's hand brushes his belly very lightly and one back leg kicks in a happy scratch reflex. Sound: leg thumping on the towel, owner giggling "found the spot". 20-25s (Ball of fur): Porch steps, bright overcast morning light. The owner's hand holds a small ball of brushed puppy fur near the dog. He sniffs it curiously, sneezes, and trots off across the porch boards shaking himself, his coat looking softer and fluffier than before. Sound: tiny sneeze, claws on wood, owner says "where does it all come from?".

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Meeting the brush

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Back porch with wooden boards, mild morning daylight, a potted plant in the corner. The owner's hand holds out a soft pink rubber grooming brush. The dog sniffs it all over, licks it, then tries to grab it with his little teeth, his tail wagging behind him. Sound: birds, sniffing, owner says "it's just a brush".

Clip 2 | 5-10s | First strokes

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
