First Playdate With Another Puppy

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

A backyard playdate with a cream Labrador puppy: the first look, nose and tail sniffs, a play bow and short chase, gentle rope tug and a shared rest in the shade.

TIMELINE

0-5s	Friend arrives
5-10s	Sniff hello
10-15s	Play bow chase
15-20s	Gentle tug
20-25s	Shared rest

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Friend arrives): Fenced backyard with short green grass and a wooden fence, mild sunny morning, a few dog toys on the lawn. The dog stands by the owner's sneakers watching another person's hands set down a small fluffy cream Labrador puppy with a red collar on the grass a few steps away. Sound: birds, two owners chatting quietly, "there he is". 5-10s (Sniff hello): Same fenced backyard, soft morning sunlight, short green grass. The two puppies approach each other slowly, sniff noses, then sniff each other's tails, both tails wagging. The legs of both owners stand close by on either side, ready to step in if needed. Sound: sniffing, little whines, owner says "nice and polite". 10-15s (Play bow chase): Backyard lawn, sunny morning light, a plastic garden chair on the grass. The dog does a little play bow with his front legs down and back end up, then bounces sideways. The cream Labrador puppy hops after him and they run one short clumsy loop around the chair. Sound: tiny yips, paws thumping on grass, owners laughing. 15-20s (Gentle tug): Same lawn, bright morning daylight. The two puppies each hold one end of a soft blue rope toy, tugging gently with little growls, both wobbling on their oversized paws. The dog lets go and topples backward onto the grass, then jumps right back up, tail wagging. Sound: playful growls, soft thud on grass, owner says "oops". 20-25s (Shared rest): Shady patch of grass under a small tree, warm late morning light. Both puppies lie flat on their bellies side by side, panting with tongues out, eyes getting heavy. An owner's hand sets down a shallow water bowl and the dog laps from it slowly. Sound: panting, lapping water, leaves rustling.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Friend arrives

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
