First Wagon Ride

One 25-second video | 5 clips combined | Real phone-video look | 9:16 Reel

VIDEO IDEA

The puppy's first ride in a kids' wagon on flat grass: being set on the blanket, sniffing around, a gentle pull across the lawn, a flower stop and a nap in the parked wagon.

TIMELINE

0-5s	Into the wagon
5-10s	Settling in
10-15s	Gentle pull
15-20s	Flower stop
20-25s	Wagon nap

MUSE AI PROMPT - COMBINE ALL 5 CLIPS INTO ONE 25-SECOND VIDEO (copy and paste)

Make ONE single 25-second video by combining these 5 clips in order, 5 seconds each, joined with simple hard cuts into one continuous video. Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. The dog is a real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. 0-5s (Into the wagon): Front yard with a flat green lawn, sunny late morning, bright natural daylight, a red kids' wagon with low sides parked on the grass and a folded fleece blanket inside. The owner's two hands lift the dog gently and set him down on the blanket. Sound: birds, wagon creak, owner says "want to go for a ride?". 5-10s (Settling in): Same flat lawn, sunny daylight. The dog sits in the wagon looking around, sniffing the blanket and the edge of the wagon. The owner's hand stays on his back as he tries to stand, and he settles back down with his front paws resting over the low side. Sound: sniffing, blanket rustling, owner says "sit, good boy". 10-15s (Gentle pull): Flat front lawn, bright late morning sunlight. The owner walks just ahead pulling the wagon gently by its handle across the grass at walking pace. The dog sits in the middle of the blanket, ears lifting slightly in the breeze, nose up, watching the yard go by with wide eyes. Sound: wagon wheels rolling on grass, birds, owner laughing "so fancy". 15-20s (Flower stop): Same flat lawn next to a flower bed, sunny daylight. The wagon stops and the owner crouches beside it. The dog leans over the low side to sniff a red tulip, wagging his tail, while the owner's hand rests on his chest to keep him steady. Sound: sniffing, bees far off, owner says "smells nice?". 20-25s (Wagon nap): Lawn in the shade of a tree, late morning daylight. The wagon is parked and the dog lies stretched out on the fleece blanket inside it, yawning, eyes closing. The owner's hand pulls the edge of the blanket over his oversized paws. Sound: big yawn, leaves rustling, soft breathing.

AVOID / NEGATIVE PROMPT (paste into the negative box, or add "Avoid: ..." at the end)

cinematic, slow motion, lens flare, golden glow, dramatic lighting, studio lighting, color grading, film look, perfect shiny fur, glowing eyes, human-like facial expressions, smooth drone or gimbal movement, background music, text, subtitles, watermark, extra legs, extra tail, morphing, warped paws, plastic-looking skin or fur

CLIP-BY-CLIP PROMPTS (backup)

Use these only if Muse AI makes a video shorter than 25 seconds: make each clip separately, then join them in order. Every prompt already includes the same dog and camera wording.

Clip 1 | 0-5s | Into the wagon

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. A real 10-week-old male liver-and-tan German Shepherd puppy with a chocolate-brown saddle, warm tan legs and face, a brown nose, light amber eyes, fluffy soft puppy coat, oversized paws and floppy ears, wearing a small light blue collar. Front yard with a flat green lawn, sunny late morning, bright natural daylight, a red kids' wagon with low sides parked on the grass and a folded fleece blanket inside. The owner's two hands lift the dog gently and set him down on the blanket. Sound: birds, wagon creak, owner says "want to go for a ride?".

Clip 2 | 5-10s | Settling in

Shot on an iPhone held by the owner, vertical 9:16, 1x lens, handheld with small natural shakes, auto-exposure and autofocus, real-time speed with no slow motion, available natural light only, no color grading, ordinary lived-in home, normal phone video quality - looks like an unedited home video posted on Facebook. HOW TO MAKE IT LOOK REAL

Use a real photo	Biggest realism boost: use Image-to-Video and upload the same real German Shepherd photo for every clip. Same photo = same dog in all 5 clips.
Muse AI: one video	Paste the full 25-second prompt into Muse AI. It tells Muse AI to combine all 5 clips into ONE 25-second video. If the result comes out shorter, make each clip with its own prompt and join them in order (CapCut) with simple hard cuts.
Pick the most natural	Generate 2-3 versions of each clip and keep the one where the dog moves most naturally. Delete any clip with weird legs, tail or face.
Keep the real sound	Keep the natural sounds (paws, tags, panting, owner's voice). If you add a trending Facebook sound, keep it quiet underneath.
No filters	Do not add filters, slow motion or fancy transitions - real home videos don't have them.
